BAKER REPUDIATES COAL AGREEMENT

Secretary Asserts Defense Council Has No Power To Fix Prices

SAYS $3 IS EXORBITANT

Baker Indicates He Has Received No Notification of the Arrangement

WRITES TO GIFFORD

WASHINGTON, June 30.—Secretary Baker, as president of the council of national defense, repudiated tonight an agreement fixing a tentative price of $3 a ton for bituminous coal, reached at a conference here on Thursday between coal producers, Secretary Lane, a member of the defense council, members of the council's coal production committee and the federal trade commission.

Neither the council nor its committee Secretary Baker said in a letter to W. S. Gifford of the council has power to fix prices. He said that the price of three dollars at the mines suggested for bituminous coal is "exorbitant, unjust and oppressive."

Not to Affect Navy Purchases

Secretary Daniels, another member of the council, earlier in the day said the agreement would in no way affect coal purchases for the navy. The navy, he said, will continue to buy from the mines at two dollars and thirty three cents a ton, leaving a price to be determined after the federal trade commission has ascertained production costs. In his letter to Mr. Gifford Secretary Baker asserted that he believed no member of the defense council disagree with him as to the limitations on the powers of the council and its committees as to the effect of the action taken. The fact that the conferences were attended by members of the council and of the trade commission he declared gave no legality to the agreement.

The price fixing agreement was reached after 400 operators called here by the coal production committee had adopted resolutions authorizing their committees to give assent to such maximum bituminous prices as might be named by the secretary of the interior, the federal trade commission and the coal committee.

Resolution Reported by Fort

The resolution was reported by Trade Commissioner Fort from a special committee. In presenting it for adoption Mr. Fort declared he believed it was entirely safe for the confrence to adopt and that any responsibility as the legality of fixing prices was put on the government and not on the operators under the terms of the resolution. Some operators had expressed a fear that they might be prosecuted under the anti-trust laws if they entered in an agreement among themselves to lower prices. An official announcement made thru the public information committee said that in the final conference cost prices and other confidential information was laid on the table and the government representatives acting as judges decided what would be the highest prices paid at the mines, the prices to go into effect on July 1 and to remain in effect until investigations are made and other prices arranged.

Secretary Baker indicated that as president of the defense council he had received no notification of the arrangement reached at the conference. In his letter to Mr. Gifford he said:

Baker's Letter to Gifford

"The color which has been given to this meeting and this resolution in the newspapers may mislead the public into believing that the council of national defense has either undertaken itself to fix the price of coal or to sanction its being fixed by the coal production committee, or that committee in conjunction with the coal operators.

"I, therefore, as president of the council of National Defense write this to say that the council of national defense has no legal power and claims no legal power either to fix the price of coal or to fix a maximum price for coal nr any other product. The coal production committee is a subordinate committee of the council of national defense, purely advisory in its character, formed for the purpose of advising the council as to steps which might be recommended leading to a stimulation of production and distribution of coal. No power has been

TWENTY-THREE STATES BECOME BONE DRY

Eleven Other States Partially Affected by Same Legislation

Reed Amendment Prohibiting Shipment of Liquor into Any Territory Where its Manufacture or Sale is Prohibited Goes Into Effect At Midnight.

Washington, June 30.—Twenty-three states will be bone dry after midnight tonight the effective hour of the Reed amendment prohibiting shipment of liquor into any territory where its manufacture or sale is prohibited. Eleven other states are partially affected by the legislation, which has been hailed by temperance advocates as the greatest single step toward abolition of the liquor traffic yet taken in the nation's history.

Following are the states wholly affected by the act:

Alabama, Arizona, Arkansas, Colorado, Georgia, Idaho, Iowa, Kansas, Maine, Mississippi, Nebraska, North Carolina, North Dakota, Oklahoma, Oregon, Rhode Island, South Carolina, South Dakota, Tennessee, Vermont, Virginia, Washington, West Virginia.

Those partially affected are:

California, Connecticut, Delaware, Louisiana, Maryland, Massachusetts, Minnesota, New Hampshire, New York, Ohio, Texas.

The following are affected at future dates:

Alaska, Jan. 1, 1918.
Indiana, April 3, 1918.
Michigan, April 30, 1918.
Montana, Dec. 31, 1918..
Utah, August 1, 1917.

Iowans Lay in Stock.

Dubuque, Iowa, June 30.—With Iowa entering in absolute "bone dry" column at midnight tonight, wholesale and retail liquor dealers in East Dubuque, Ill., just opposite here, were saved from being completely drained of liquor supplies by closing their doors at 10 o'clock. Three hundred automobiles, all from Iowa, many from a distance of 100 miles, lined the streets today. Passenger trains brought in scores from the Iowa Alkali districts. There was a continuous suit case parade from saloons to railroad stations.

One retail dealer claimed to have done $10,000 worth of business alone.

FIND GERMAN LETTERS IN RAIDED DUGOUTS

BRITISH ARMY Headquarters in France, June 30.—By The Associated Press.—Some interesting items of German news have been gleaned within the last few days from letters found in raided dugouts. One of them, written from Bielefeld, Prussia on June 6th, tells of an explosion in a munitions factory at Detmold, and continues:

"It was terribly sad. On Sunday ninety victims already had been buried. One woman who has lost four sons in the field, now has lost her three daughters in the explosion. It is strange that the Westphalen newspapers give no report of the accident."

Another letter written at Erfurt, Prussian Saxony, on May 28, says:

"The church bells have pealed a farewell. This week all of them will be taken away to be smeltered down and turned into shells. No eye remained dry when the pastor mentioned that instead of ringing out tidings of an early peace they must now cause death and destruction."

GIVES FURTHER DETAILS REGARDING WESTEDT

COPENHAGEN, June 30.—The newspaper Forkshavis, in its edition today gives further details regarding Walter Westedt, also known as Wilhelms, who was arrested here for espionage while posing as a correspondent of the Hamburg Fremdenblatt. The newspaper declares that Westedt was the head of an alleged real estate bureau in Chicago to which the United States secret service finally traced an agitation for a general strike in munition factories and other war industries. The authorities according to the Forksahvis arrested Wastedt and three or four of his associates including a German naval lieutenant.

Westedt was expelled from the United States as an undesirable alien, the newspaper asserts but he continued his activities on this side of the Atlantic first in Bergen and then in Copenhagen.

In all there have been seventeen persons arrested in connction with the Westedt cas.

CAPTURE RUSS SHARPSHOOTERS

Petrograd, June 30—By order of M. Kerensky, minister of war, all peaceful efforts had been exhausted the 12th and 13th divisions of sharpshooters which had refused to obey orders, were surrounded by detachments of cavalry on Thursday in the village of Joukoff, which was twice shelled with shrapnel. Later, the cavalry charged and five hundred of the sharpshooters surrendered and were disarmed.

BUY LUMBER FOR SHIPS

Washington, June 30—Purchase of the first installment of a consignment of fir lumber to build thirty wooden [illegible] obtained [illegible] urgent [illegible] dollars [illegible]

HINDENBURG OFFERS ARMISTICE TO RUSSIA

COPENHAGEN, June 30.—It is reported from German sources that Field Marshal VonHindenburg, chief of general staff, in a wireless message has again affered an armistice to Russia. This time, his wish is to suspend hostilities during the election of delegates to the Russian constitutional convention.

The report is not confirmed officially, but it is in accord with preliminary intimations last week that VonHindenburg's new offer was contemplated.

A Copenhagen despatch on June 17, said that the German government was considering the offering of an armistice to Russia for the period of the elections to the Russion constitutional convention. This arrangement was intended by the German authorities as a compliment to the Russion council, to further the growth of pro-German sentiment in Russia and because Germany desires to see some stable gobernment established at Petrograd with which it would be possible to enter into peace negotiations. The elections to the Russian constituent assembly have been set for Sept. 30th.

LOWDEN COMPLETES UTILITIES COMMISSION

Governor Appoints Patrick J. Lucey a Member

Retains Shaw and Funk as Members and E. V. Prather as Secretary of Commission—State Executive Announces Other Appointments.

Springfield, Ill., June 30.—Governor Lowden announced this afternoon the appointment to positions on the state public utilities commission of Patrick J. Lucey of Chicago, former attorney general, and the retention of Walter A. Shaw of Evanston and Frank H. Funk of Bloomington. E. V. Prather of Olney is to be retained at secretary o fthe new commission.

Thomas E. Dempey of East St Louis was recently appointed to the chairmanship of the commission, and Fred E. Sterling of Rockford is also a member of the new commission. His appointment also was announced recently.

The governor also announced the following other appointments:

Dr. Herman M. Adler, Chicago, criminologist.

Dr. H. Douglas Singer, Kankakee, alienist.

W. H. McLain, Springfield, superintendent of budget.

Industrial officers—Charles S. Andrus, Springfield; Robert Eadie, Springfield; and Peter Augsten, Chicago.

Assistant director of registration and education—Ernest A. Wreidt, Chicago.

Assistant director of public health—Thomas Palmer, Springfield.

Chief highway engineer—W. W. Marr, Springfield.

Supervising architect—Edgar D. Martin, Chicago.

Supervising engineer—Fred J. Postel.

MAKE MUCH PROGRESS TOWARD COMPROMISE

WASHINGTON, June 30.—Much progress toward a compromise on prohibitio and little on other features in the food control bill was made today by the senate. Sentiment crystallized in favor of a substiute prohibition section folowing thel ines of President Wilson's suggestion to prohibtion leaders to drop the fight against the manufacture of beer and wines. After conferences with other leaders Senator Chamberlain drafted a tentative s tion which would stop manufacture of distilled beverages only, without giving the president any authority over malt and vinous beverages. This draft will be considered tomorrow at a special meeting of the senate agriculture committee. It is said by the leaders to have the general support of senators, altho several plan an earnest effort to give the president power to discontinue brewing and wine making.

WEATHER FORECAST FOR COMIN GWEEK

WASHINGTON June 30.—Weather predictions for the week beginning Sunday issued by the weather bureau were:

Great Lakes region:—Generally fair, although occasional local thundershowers, probable. Moderate temperatures.

Plains states and upper and middle Mississippi valleys:—Generally fair.

NOTED FRENCH WAR CORRESPONDENT KILLED

BRITISH ARMY Headquarters in France, June 30.—By The Associated Press.—Serge Basset, a distinguished French war correspondent attached to the British armies, was killed yesterday by rifle fire while watching the fighting about the Lens salient. Altho several correspondents have been wounded Serge Basset is the first journalist to be killed in the field during the present war. He had been awarded the legion of honor for literary and dramatic w[illegible] will be buried tomorrow [illegible] honors.

PERSHING VISITS AMERICAN FORCES

General Lunches With Rear-Admiral Gleaves After Inspecting Camp

RECEIVE NEWSPAPER MEN

Intensive Training By Ship's Crews Begins Immediately On Their Arrival

HIT DUMMY PERISCOPE

A FRENCH SEAPORT, Thursday, June 28.—General Pershing, the American commander, General Pelletier, representing French general headquarters, and a small staff arrived this morning from Paris.

Lunches With Admiral Gleaves

The American commander after inspecting the camp occupied by the soldiers who had been disembarking steadily from the transports, went aboard the flagship and ate luncheon with Rear-Admiral Gleaves. Afterward both officers received the French and the American newspaper men. Admiral Gleaves welcomed them and then General Pershing and Rear-Admirel Gleaves also spoke briefly.

Intensive training by the ship's crews began immediately on their arrival. Target practice was held except within the submarine zone A towing spar was fitted up with a dummy periscope and an unusually high percentage of hits was registered on this target.

All the guns were manned thruout the entire voyage, lookouts constantly scanning the waters and horizon for strange and suspicious craft. The last few nights of the voyage were dark and foggy, and thus it was impossible for submarines to operate without exposing themselves or coming within easy range of the guns aboard the ships of the expedition.

Give Americans Authority

The French authorities today turned over to the American military police the necessary authority for maintaining disciplin in this town, which is now overwhelmingly American in appearance and public life. In order to assist the Americans to keep order, however, the authorities have issued new and stringent regulations which forbid the sale of spirituous liquors to any men in uniform, which regulate the hours the men may be admitted to or served in cafes and restaurants and which specify that disputes and disorders shall be referred to and decided by the Americans.

In addition, an official warning has gone out to cafe and restaurant proprietors specifying what prices they may charge for the most common commodities, especially food and drink.

The new order permits those attached to the military to visit cafes only between the hours of five o'clock in the evening and nine o'clock in the evening on week days and frim ten o'clock in the morning to nine o'clock in the evening on Sundays and restaurants between ten o'clock in the morning and two o'clock in the afternoon on week days and from five to nine in the evening on Sundays.

Give Men on Leave More Liberty

Officers and men on leave are permitted a little more liberty. No one in uniform may utilize the popular French "terraces"—sidewalk seats—until after five o'clock in the evening.

The ban on spirituous liquors means that the troops here will henceforth be able to order only beers and light wines.

True to his democratic principles, Major General Prshing refused to delay over the niceties of etiquette when the question was raised whether Admiral Gleaves should call on him or he on the admiral.

"The point is I want to see hom," the general declared.

It was accordingly arranged as more convenient, that General Pershing should go to the flagship as soon as he was free from the task of inspection.

Satisfied With Conditions

General Pershing probably will go to Paris tomorrow (Friday). The preparations for the completion of the camp are proceeding rapidly and were so far advanced this evening that troops were comfortable notwithstanding the rain. General Pershing expressed his satisfaction with the conditions and the soldiers say they are delighted with the camp, which stands on high ground. Altho drinking water must be brought from considerable distance it is of excellent qu[illegible]

The sudden influ[illegible]

CHARGE DISLOYALTY; FORCE MAN TO RESIGN

FORT SHERIDAN, Ill., June 30. Disloyalty was charged to a member of the officers' training camp here today and the man given his choice of requesting discharge or facing a board of inquiry, handed in his resignation.

It was said by his company commander that the man had made persistent efforts to stir up discontent in the company.

"This is one form of spy propadanda" said the captain.

Announcement that the man had been dismissed recalled statements by officers of the camp several weeks ago that "German propaganda" had entered the camp in the form of baseless stories regarding casualties in trench warfare in Europe most of the stories revolving around a statement that three days was the limit of a man's life after he was assigned to trench duty.

Weeding out of men who have not measured up to standard continues. Twelve were told today that it appeared they were not material for recommendation for commissions. Probably 150 will be discharged for physical defects by Tuesday, most of them because of eye trouble.

COMPLETE REVISION OF WAR TAX MEASURE

Bill Virtually Re-written and Reduced To $1,652,170,000

Gives No Authorization of Additional Bonds—Measure will be Given Formal Committee Approval Monday and Reported to Senate Early in Week.

Washington, June 30.—Revision of the $1,800,000,000 war tax bill passed by the house five weeks ago was completed today by the senate finance committee. The measure virtually was rewritten and reduced to $1,652,170,000 with no authorization of additional bonds. The final draft was sent to the printer tonight and will be given formal approval on Monday and reported to the senate by Chairman Simmons early next week.

Incomes and excess profits will bear about two-thirds of the new tax burdens under the revised bills—about a half billion dollars each—with a large share of the remainder secured from liquors and tobacco. Many house taxes were entirely eliminated by the committee and others added.

Radical increase of taxes on war excess profits of corporations, partnerships and individuals decided upon today enabled the committee to dispense with the suggestion made of additional bond issues of from $500,000,000 to 1,000,000,000. Senator Stone withdrew an amendment for a $500,000,000 issue. While the bill falls short by about $600,000,000 of meeting the treasury estimates of war expenses this year the committee decided that by issuing $135,000,000 of authorized but unsold Panama canal bonds the expenses can be met until congress convenes in December.

As finally drafted the much exbated publishers' tax section proposes a five per cent tax upon publishers' profits over $4,000, yielding $7,500,000 revenue and an increase of ¼c a pound in second class postage rates, yielding $3,000,000.

SERVE INJUNCTION ON PRIVATE DETECTIVE

RED OAK, Ia., June 30.—J. N. Wilkerson, private detective of Kansas City, Mo., returned to day from Corning where he was released on bond after being detained on a charge of conspiracy to commit felony and found Sheriff R. A. Dunn waiting to serve him with an injunction prohibiting him from holding public meetings "or attempting to influence jurors, witnesses or officers" summoned for the trial next September of Lynn George J. Kelly itinerant clergyman. Both actions were new developments in the so-called Villisca axe murders of 1912.

Wilkerson has been a leading figure for four years in the attempt to find the persons who murdered the Moore family and the Stillinger girls who were visiting them. He is charged with conspiring with William Walker, Edward Boiler and Harry Nave, of Atlantic, Iowa, now in jail at Corning, to rob a store at Villisca owned by F. F. Jones, former state senator. It is alleged that they hoped to obtain papers bearing on the murder case. Jones has been exonerated by a grand jury and brought suit for slander unsuccessfully against Wilkerson.

The detective had just started to address a mass meeting when the injunction was served on him. He retired after thanking the audience for attending. Other speakers included Joe Stillinger, father of the slain girls. Seven hundred dollars was raised to continue investigation of the murders.

MISS FRANCES HUBBLE WEDS MR. RANTZ

At 10 o'clock Saturday morning at the home of Mr. and Mrs. J. W. Hubble, 907 West State street, their daughter, Miss Frances Tracy Hubble, became the bride of Mr. Francis R. Rantz of Waverly. The service was solemnized by Rev. M. L. Pon[illegible] pastor of the Christian church, only immediate relatives pres-

BOAT KNOCKS TANK DOWN; THIRTEEN DEA[illegible]

Lake Steamer Christopher Columbus Crashes Into Dock

Impact Loosens Fifty Ton Tank Which Crashes Down on Top of Steamer, Crushing the Pilot House and Three Lower Decks into Kindling Wood—Score Injured

Milwaukee, June 30—Thirteen persons were killed, six women and four men and more than a score of others were injured here late today when the whaleback steamer Christopher Columbus in swinging away from her return trip to Chicago crashed into a dock abutting the Milwaukee River, causing a huge steel supported water tank to fall fifty feet from a warehouse onto the deck of the vessel.

The impact of the vessel at the dock loosened the fifty ton water tank and it crashed down on top of the steamer, crushing the pilot house and three lower decks into kindling wood.

There were said to be approximately 400 passengers on the whaleback, including a number of students from the University of Chicago, who were returning from an outing.

As fast as bodies of the dead could be recovered they were taken to the morgue.

Those to reach the coroner first were the bodies of girls. Later three others were brought in.

The crash of the water tank tore thru the bridge, pilot house, two decks and then slid into the river when it struck the steel main deck.

Beyond saying that James Brody was at the wheel at the time of the accident and that the ship failed apparently to respond promptly enough to his efforts, the officers of the boat were unable to explain the accident. An unconfirmed report was to the effect that one of the tugs guiding the vessel had its howser cast off too scon.

The majority of the victims were residents of Chicago. The steamer tore away the sprinkler system ancored to the wall of the building on which was the tank and thus weakened the frame work of the big tank.

The Christopher Columbus is owned by the Goodrich Transit company of Chicago and making daily trips from Chicago to Milwaukee and return during the summer. She is 362 feet long and 42 beam.

CONVENTION ADOPTS WAR DECALOGUE

ROCK ISLAND, Ill., June 30.—Admonition to members of the Christian Endeavor Union of Illinois to fight for Itheirc ountry at home and abroad was coupled with the injunction that they should pray for the German emperor in a war decalogue adopted by the convention of the organization here today. The decalogue rules for the guidance of Christian folk in time of war. Some of them follow:

"Hate not the Kaiser, tho he be dominated by a spirit of avarice and pride; pray for him, then fight to destroy his power for evil as a surgeon fights disease germs.

"Be not prejudiced against German names, customs or achievements.

"Blame not persons of German birth within the United States for the sins of the Kaiser.

"Love thine own country, pray for it and fight for its ideals at home and abroad in peaceful pursuits or in battles to make the world safe for Democracy.

"Speak not against the government nor its allies.

"Place no confidence in rumors of disasters but remember that Pobish and Sanballat, who tried to undermine the confidence of Nehemiah and his work, have their prototypes today."

More than 1200 delegates are attending the convention.

GERMANS FORTIFYING FRONT

Petrograd, June 30.—Renewed activity of the Germans indicated in the reports from the front in the last few days presumably is the result of a revival of the Russian fighting spirit and a joint conviction that a separate peace is impossible. The correspondent at Minsk of the Birzpevicya telegraphs that the Germans who during the period of fraternization almost completely bare their battle front are now feverishly fortifying their trenches and are creating new defensive lines 20 miles behind the first trenches.

BREAK GERMAN STRIKE

Copenhagen, June 30.—The German authorities broke the recent strike at the ship yards in Stettin by the same means they used to crush the April strike. They threatened to muster the strikers as soldiers and subject them to punishment meted out to mutineers unless the men resumed work.

WEATHER INDICATIONS AND TEMPERATURES

Illinois: Unsettled and warmer Sunday with local thunderstorms; Monday, generally fair and much cooler; fresh southwest shifting to northwest winds.

Temperatures.

The current, maximum and minimum temperatures as recorded Saturday were:

New York	77	78	58

[illegible] TAKES E. [illegible]

Report On [illegible] to Influx of [illegible] Advice To[illegible]

VISITS EAST[illegible]

CHICAGO, Ju[illegible] tion between [illegible] avoid possible fric[illegible] ion by the various [illegible] defense over the [illegible] great number of [illegible] section of the c[illegible] was recommended [illegible] nois State Council [illegible] solution of trouble[illegible] recent labor distur[illegible] Louis.

Contain Advice [illegible]

The recommend[illegible] at a meeting of the [illegible] the influx of negroes [illegible] to East St. Louis wa[illegible] its final report [illegible] due to the presence [illegible] contained the advice [illegible] and labor.

The committee [illegible] St. Louis found that [illegible] flux of negroes into [illegible] produced both social [illegible] tation. In the com[illegible] the negroes were in[illegible] East St. Louis by [illegible] southern newspapers and [illegible] tivities of labor agents [illegible] alluring inducements for [illegible] go to that city. The work[illegible] mittee found was carried [illegible] mously. The presumption [illegible] managers of the big industr[illegible] of East St. Louis were [illegible] was denied by all the man[illegible]

The committee findings [illegible] capital as well as labor must [illegible] heart the thought that fr[illegible] creating questions are to [illegible] and that both capital and la[illegible] pull together during the [illegible] committee commended the [illegible] tion of the southern negroes [illegible] couraged before outbreaks of [illegible] ilar nature occur.

Condemns Artificial Movement

The report of the committee [illegible] that migration of any class from [illegible] part of the country to another sh[illegible] be allowed to follow the flow of [illegible] natural lines and that condemnation [illegible] be passed on all who undertake [illegible] promote any artificial movement [illegible] the population.

The special committe further ha[illegible] that the problem of shifting la[illegible] where labor is needed during the [illegible] war should be handled by the various [illegible] state councils of defense in conjunction with the council of na[illegible] fense in connection with re[illegible] officers of the labor moveme[illegible]

The council also announ[illegible] continuance of the advisory [illegible] tee on coal and gave its ru[illegible] the handling of other commo[illegible]

The advisory committee on [illegible] to which Frank Farrington [illegible] Springfield, Ill., has been added b[illegible] the council is to confer with the stat[illegible] utilities commission on the adoption [illegible] of rules governing the distribution [illegible] coal and also seek the co-operation [illegible] the interstate commerce commission [illegible] It was announced by the state council [illegible] that formal notice had been sent t[illegible] 18,000 retail bread distributors [illegible] the state directing them to put int[illegible] effect the rule that on and after Jul[illegible] unsold bread shall not be returned [illegible] The purpose of the rule is to elimi[illegible] nate waste of approximately five p[illegible] cent of all bakers' bread now produced.

Call Attention To Law

Official notice has been sent by the [illegible] council to eleven thousand Illinois [illegible] public officials calling attention to [illegible] the federal law prohibiting the sale [illegible] of intoxicating liquors to soldiers and [illegible] sailors in uniform.

Steps to prevent evasion of the [illegible] law are being taken in Chicago.

Chairman Insull brought up the [illegible] question of establishing an institution in Chicago where soldiers and [illegible] sailors can get a meal, a bath and [illegible] similar accommodations without [illegible] er credentials than the uniform they [illegible] wear and also the establishment [illegible] a free lunch service in the main [illegible] railroad stations for sailors and [illegible] diers. The chairman and the secretary were directed to investigate [illegible] cost and other details of the pro[illegible]

The council decided to work [illegible] the citizen's war board of Chicago [illegible] supervising solicitation of any [illegible] of war relief.

Dr. Frank Billings [illegible] to start to Russia re[illegible] committee of physicians [illegible] ganized and is ready [illegible] each county of the st[illegible] tion of doctors for wa[illegible]

t there is none that is uable to this city just at han water. It is the pur- the authorites to rush the th all expedition and to re- e suspense as soon as possi- leanwhile we suggest to the here to be as economical as e of city water to the end here may be always on hand ent water for a fire emergen- This is a case in which it is otic for the people to co-operate the authorities."

ll of this has a very familiar nd and might well have appeared a Jacksonville paper a few months o. Evidently Galesburg hasn't en storage facilities equal to our wn. It doesn't help out with our ocal problem but there is some comfort in knowing that even larger cities than Jacksonville, similarly located, are still struggling with the question of permanent water supply.

A SELFISH PHRASE

A new line of action of German propagandists appears every little while. Now the slogan is heard of "America First." There are some loyal and misguided citizens who are using these words and sincerely believe that even with America ranking as one of the nations allied against Germany, that in all preparations "America first" should be given consideration.

But these people are simply being fooled by the wiles of German sympathizers. To plan all comforts, all food, all Red Cross service for ourselves and soldiers first, is not only selfish but cowardly. If the soldiers of each nation thought first of themselves and their own safety, what would be the result? We are in this war now with the allies for a common cause. As has been repeated many times, it is not their war but our war. The information has come that without strong American support the cause of democracy must fail. No victory can come thru methods dictated by the narrow selfishness which the words "America first" convey when applied in the pro-German way.

COAL PRICES STILL IN BALANCE

And now it appears that it is too early to be jubilant about the agreement reached between the coal operators and the federal authorities, for Secretaries Baker and Daniels maintain that no agreement has been reached. The alleged agreement of a few days ago was given a large amount of telegraphic publicity but it seems that the sub-committee of the council of defense, made up largely of coal operators, was instrumental in bringing about this publicity.

The cabinet secretaries insist that investigation as to the cost of coal mining indicates clearly that the price agreements suggested are unpatriotic and entirely too high: Those prices mean 100 per cent profit to the operator and certainly are too high from the consumer's standpoint. The operators will admit that the profits are high, but point to the prices of steel, copper, wheat, corn, cattle and hogs, and declare that, relatively speaking, coal is very cheap at the prices they are willing to take. At any rate the coal price question is still unsettled.

RESTORATION OF BELGIUM

(New York Sun)

Every American citizen is in hearty agreement with President Wilson's assurance to the Belgian mission of faithful and constant American support in the sacred duty of restoring Belgium to her rightful estate.

Belgium's rightful place among the nations cannot be ravished from her. No more atrocious and damaging assault could be imagined than Germany made, dashing upon her thru the scattered tatters of a solemn treaty. Belgium's soil has been devastated as by obscene beasts. Belgium's treasure chests have been looted brutally. Belgium's peaceable men, women and children have been slain and tortured by the German; their blood cries from the ground. Belgium still is held in the grip of the monster, yet never for an instant has Belgium been conquered.

It will be one of this nation's greatest privileges to force the robber's grasp to loosen and to set King Albert's people once more upon their feet, free, in their own country.

STARTLING FIGURES ON MUNICIPAL GOVERNMENT.

It is a common saying that municipal government is a failure by comparison with the vested control of states and nation. The following from the Christian Science Monitor referring to cities of more than 30,000 population strikingly illustrates the point.

"Municipalities of the United States are notoriously extravagant. That this is largely due to petty politics and graft seems almost certain. Evidence of the unbusinesslike way in which the financial affairs of cities are conducted is furnished by the Department of Commerce, in a statement just made public. It shows, for one thing, that in 149 of the 213 cities having a population of more than 30,000, the excess of expenditures over revenues last year amounted to the startling sum of $3.68 per capita. The net indebtedness of the 213 cities amounted to $76.64 per capita, or nearly eight times the per capita indebtedness of the United States Government. Now that political and social reform seem to be in the air, it would be wise to look in to the affairs of municipal government, particularly since conditions especially require the elimination of unnecessary expenditures."

CAMPING ON THE SOIL OF FRANCE

We're camping tonight on the soil of France,
'Neath the light of our glowing stars,
Ere tomorrow we draw the sword and lance,
And join with her boys in the wars
We're camping tonight while in dreams we yearn,
For the tender touch of a hand;
And the loved who wait for the boys return
To our own dear Columbia land.

Many are the lads who are dreaming tonight
Of their homes far over the sea,
And many are the hearts that are longing tonight
For the land of the brave and free.

We're camping tonight on the soil of France,
With our banner waving high;
And we wait the word for the great advance
Where the lillies trampled lie.
We're camping tonight but tomorrow at dawn,
We will march with our stars unfurled,
And join with the millions before us gone,
To fight for the peace of the world.

Many are the lads that are sleeping tonight,
'Neath the stars of Old Glory unfurled;
Oh many are the hearts that are beating tonight,
That will bleed for the peace of the world.

—S. A. Hughes.

Rippling Rhymes
By WALT MASON

APPEAL TO PRODUCERS.

Oh, hens, gets busy laying eggs, keep thing in steady motion; we want to ship a million kegs to allies o'er the ocean. In times of peace one egg a day we all considered plenty, but in times of stress and fray you ought to turn out twenty. The hen that will not do her best, can't have me as a backer; no loyalty is in her breast, she is a tinhorn slacker. So Brahma, Leghorn, Plymouth Rock, Minorca, Scrub and Dorking, lay eggs, lay eggs all round the clock and make a record corking! You should be, in the country's plight, its staunchest friends and boosters. Lay eggs, lay eggs, by day and night! Quit flirting with the roosters! Oh, cows! "The grass is fine as silk," I hear you glibly mutter, and you should turn out tubs of milk and fifty kinds of butter. In times of peace we didn't care if you went dry or balky, but now that shrapnel fills the air, such conduct is too rocky We've kept your stomachs, bovine band, with most expensive grub full, and now that milk is in demand, you ought to give a tubful. Speed up, speed up, if you would save the land from ruin utter! Don't like a bunch of steers behave, but turn out milk and butter.

THIS DATE IN HISTORY

July 1, 1849—Messrs. Ash & Diller, land agents of Springfield, were the successful bidders for the Quincy House at Quincy, Illinois, owned and sold by the state. Their bid was $22,500.

WON RING.

Mrs. Guy Lind was the fortunate holder of the winning card in the drawing at Schram's store. Mrs. Lind had only the one card but secured the diamond ring.

EXEMPTION BOARD MEN TAKE OATH OF OFFICE

Will Meet Monday for Organization —Forwarding Numbered Registration List Will Be an Early Duty

Members of the Morgan county exemption board have received official notice of their appointment and yesterday each took the oath of office. Miller Weir has been designated as temporary chairman of the board and yesterday he forwarded to Adjutant Gen. Dickson the papers signed by himself, William N. Hairgrove and Dr. Black, and notified Gov. Lowden by wire of the action taken. All these proceedings were in accordance with instructions received thru the adjutant general's office.

The board will hold a meeting Monday for the purpose of organization and at that time it will be decided where the office will be maintained and other matters will be discussed. It is worthy of mention again that members of the exemption board receive no remuneration of any kind and thus far no provision has been made for meeting any expenses which they may incur. Appointment to the board is a matter of honor and the members are performing their duties as a matter of patroitism and good citizenship.

Plenty of Work in Sight

All the rules for the conduct of board affairs have not been made known. It is understood, however, that the first duty after organization is to secure from the registration board the originals and duplicates of all the registration cards. Subsequently the secretary of the exemption board must number both the original cards and the duplicates serially in red ink and when this numbering has been completed, the duplicate cards are to be forwarded to the adjutant general. Another requirement is that lists of names shall be made up in accordance with the serial numbers and posted in conspicuous places, one copy to be sent to the adjutant general's office in Washington.

The rules and plans to be followed with reference to selecting those who will first be called upon for service have not yet been made known. It is very clear, however, that the exemption board faces first of all a considerable amount of routine work and after while the serious business of passing upon the qualifications of those first called upon for army service.

DRIVING CLUB MATINEE.

Members of the Jacksonville Driving club are preparing an interesting program of races for their Fourth of July matinee. There are to be four races and the program will begin at 1 o'clock in the afternoon. The Merritt Band will furnish music for the occasion. Between 800 and 1,000 tickets have already been distributed.

Get your baby brick made in all the popular flavors, only 20c at MERRIGAN'S.

CHURCH STREET WALKS.

New concrete walks on North Church street between West State street and Lafayette avenue have all been completed. The walks add very greatly to the appearance of that street and to the convenience and comfort of pedestrians.

CHICKEN AND FISH FRY AT GRACE CHAPEL CHURCH.

The annual chicken and fish fry at the Grace Chapel church will be held Thursday, August 16th.

COWS SOLD WELL

G. W. Morton held a sale of cows at the Ogle barn Saturday afternoon. The highest price paid was $100 and good prices prevailed on all sales. Nine of the cows had calf by side. Charles M. Strawn was the auctioneer and Charles S. Black, clerk. The animals were brought here from Godfrey.

FUNERAL NOTICE

The funeral of Mrs. Sarah Morrison which was announced to be held at Concord M. E. church this afternoon at 2:30 o'clock will be held Monday afternoon at 3 o'clock. The postponement was made necessary by the non-arrival of relatives from the west.

TO TRANSPORT ONLY WAR SUPPLIES

Peking, June — Russian consuls in China have published notices in prominent Chinese newspapers announcing that only war supplies will be hauled hereafter on the Trans-Siberian Railway. Shippers desiring to obtain space for war materials are requested to furnish affidavits proving that their freight is required for war purposes.

WAR NEWS SUMMARIZED

All of the troops attached to the American expeditionary force have reached France in safety. Major General Pershing said in Paris today that the transfer, one of the largest ever undertaken by the United States army, had been made without the loss or injury of a single American soldier and without any cases of serious illness. Despatches filed during the week, released today by the censor, say that the trip was made on schedule time and that the American fighters are in splendid trim.

The scene of heaviest fighting on the western front is now the Verdun sector. Over the same ground on which they met with such a serious checks at the hands of the French last year the Germans are making serious assaults with picked forces. For the most part their efforts have been nullified by the French, but the Germans succeeded in retaining some conquered ground on the west slope of Dead Man's Hill.

On the Aisne front also the Germans are on the offensive. They attacked last night near Cerny and Cordeny, meeting with a devastating French fire which all but annihilated their storming detachments. Northeast of Cerny they succeeded in gaining a salient which had been levelled by artillery fire.

Whether these operations marked the resumption of a sustained offenly mentioning the capture of 500 sive by the Germans is not yet clear. The official German statement throws no light on this subject meremeters of trench line east of Hill 304 and of several French lines south of LaBoville farm on the Aisne front.

After many weeks of inactivity on the Russian front there are signs of a return of active operations. The German war office says that the Russians apparently influenced by pressure exerted by their allies are maintaining a strong fire over a front of forty miles in Eastern Galicia and that a Russian attack evidently is imminent. The Russian official statement merely speaks of increased artillery fighting in some sectors.

Angnello Pass which the Italians captured recently in their advance on the front below Trent has been evacuated. Rome announces that the Italian advance forces have been withdrawn on account of the prolonged and violent bombardment of the Austrians, but the Italians still hold the eastern end of the pass.

The French Armored Cruiser Kleber, 7,578 tons has been sunk off Point St. Mathieu, while on her way from Dakar, Africa, to Brest. She was destroyed by a mine with the loss of thirty eight men.

DE WEESE TO BE SHOT FOR WIFE MURDER

Prisoner Chooses This Method Rather Than Hanging—Claimed to be Greatest Diamond Thief of the Last Decade

Salt Lake City, Utah, June — Howard DeWeese, sentenced to death for the slaying of his wife last September, has chosen to be shot rather than hanged at the law's hands, July 6. He is resigned to his fate and says he hopes that no steps will be taken to gain a new trial or a reprieve.

The laws of Utah provide that a person sentenced to death may choose the way to die. Before deciding upon being shot, De Weese asked a prison guard questions relative to the calibre of the bullets, stating that he did not want the marksmen to "play" with him but to make death instantaneous.

De Weese eloped with the wife of Harry W. Fisher, haberdasher, from New York. They went to Reno and Pacific coast cities to live. Last September the pair who had married at Reno after Mrs. Fisher obtained a divorce, came to Salt Lake City.

A few days later neighbors became suspicious and the apartment was entered. They discovered the body of Mrs. DeWeese, her features smashed by a flatiron which lay on the bed beside her.

A few months later DeWeese surrendered to the Chicago police. In the interval between his surrender and trial, he confessed to numerous burglaries and boasted that he was the greatest diamond thief of the last decade. He asserted that his wife was slain by robbers with whom he was formerly associated, who had tracked him and his wife to Salt Lake City and, when he was out, committed the murder to obtain $12,000 worth of jewels which De Weese said he had stolen.

NEW LAW GOVERNING MINES

Mexico City, June — The organic law based on the new constitution must be passed by congress before mining properties which have been idle for more than two months at a time are taken over by the government, according to a ruling by the Department of Commerce and Industry. All mine owners who have been unable to work their mines for a period of two months were ordered by a previous decree to show cause why they were unable to work under pain of forfeiture of title but it has been decided to withhold action on these properties until Congress shall formulate a statute covering such cases.

TO ENCOURAGE AMERICAN STUDENTS IN FRANCE

Will be Given Greater Liberty in Choice of Courses—Association of Professors to Look After Well-Being of Students and Introduce Them Into French Society

Paris, June — (Correspondence) —The hope expressed by Rene Viviani, the former French Premier and member of the French Commission which recently visited the United States, in his speech at the Chicago University that the intellectual relations between university circles in America and France might be further developed has given a fresh start to a movement intended to encourage American students in France.

The universities of Nancy, Grenoble, and Montpelier, as well as the University of Paris, have been examining ways of facilitating the work of Americans and of attracting greater numbers of them.

Formerly a birth certificate was a prerequisite to matriculation in French universities, a document that many American students could not produce. Any authenticated paper to establish their identity will suffice in the future.

Greater liberty in the choice of their courses will also be allowed American students. Heretofore the faculty has told them what they must study. The University of Paris is preparing a special course, comprising the particular subjects that interest the great majority of Amer... come to ... to learn ... his- ... l be well-being, introducing them into French families and French society where they may acquire a knowledge of the real France that cannot be gained on the boulevards or in the Latin quarter cafes.

Better lodgings, and good, economical restaurants for students are also among the aims of this association.

J. B. Simpson of Chicago, who at one time was pharmacist in the store of Roberts Bros., is here making a brief visit with Jacksonville friends.

MATRIMONIAL

Crenshaw-Lawson

Louis C. Crenshaw and Miss Mary J. Lawson, both of this city were united in marriage at 8 o'clock Saturday evening by Justice W. T. Dyer at his residence, 717 South Diamond street. The groom is in the employ of York Bros.

Miner-Dixon

Henry Miner of Waverly and Miss Marcia Dixon of Mensro, Mo., were united in marriage recently at DeSoto, Ill., the ceremony being performed by Rev. A. E. Thomas, brother-in-law of the bride. The bride is the daughter of Mr. and Mrs. A. V. Dixon, and has for a number of years taught school at Tyrolite, Colo. The groom is the son of Mr. and Mrs. William Miner, residing west of Waverly. He is a graduate of the college of agriculture of the University of Illinois, and belongs to a prominent family of the Waverly community.

Following a brief wedding journey the young people will make their home on a farm west of Waverly.

Simons-Hogan

William E. Simons of Springfield and Miss Effie Hogan of Pana were united in marriage by Squire W. T. Dyer at his office on West State at 1 o'clock Saturday afternoon. The groom is a street car conductor and he and his bride will at once begin housekeeping in the capital city.

Herrick and North Star refrigerators are machines, not boxes. They save food, save ice and save time—from $10.00 to $30.00 at Brady Bros.

TO PUBLISH SWEDISH AUTHOR'S WORKS

Stockholm, Sweden, June.—The selection and arrangement of the manuscripts left unpublished by the late August Strindberg has proceeded so far that preparations have now been nearly completed for the printing. The result will be a considerable addition to the Swedish author's already known works. The manuscripts found available will compose five volumes. The first volume will contain three complete dramas and a number of dramatic fragments. The second volume will contain poems, short narratives and a number of sketches—little more than memoranda—which are said to throw an intimate light on Strindberg.

The last three volumes will show Strindberg in a more serious light. The third is to contain historical and philosophical works, and the fourth and fifth will be devoted to the author's excursions into the field of occultism and natural philosophy.

TENTS NOW MADE AT PLEASURE RESORT

London, June.—The location of the White City, Shepherds Bush, which in pre-war days attracted thousands of sightseers ad pleasure seekers is now the site of the greatest tent manufactory in the world. Several thousand persons are employed in making one hundred large size hospital tents a day, each capable of holding eight beds. Five hundred ordinary bell-shaped tents and an occasional marquee are among the daily output.

Get your baby brick made in all the popular flavors, only 20c at MERRIGAN'S.

JUNE WEATHER SUMMARY

George H. Hall, weather observer at Alexander, gives the following summary of the weather for the month of June:

. Mean maximum temperature, 80.2; mean minimum temperature, 57.3; mean temperature, 68.7, which is 3.3 below normal; high, 9.3, on June 25; low, 38, on June 16; total rainfall, 8.02 inches, which is 4.37 inches above normal; greatest precipitation in 24 hours, 2.40 inches on June 28; number of days with one-hundredth of an inch or more of rain, 11; number of days clear, 10; number of days partly cloudy, 6.

Mrs. M. E. Slaughter has gone to Champaign county to visit relatives and attend a birthday celebration of her aunt, Mrs. William Rose, who is eighty years old.

AUSTRALIA TO AID SOLDIERS AFTER WAR

Government Announces Repatriation Plan—Permanently Maimed Soldiers Will Have Specially Equipped Workshops.

Sydney, Australia, June. (Correspondence) — Australia will loan $110,000,000 to soldiers returned from the war, under the repatriation plan announced by Senator Edward D. Millen, Minister in Charge of Repatriation.

The national government accepts the full responsibility of securing to every returned soldier the opportunity of livlihood by providing avenues of civil employment. Soldier settlers on land may secure advances for improvements up to $2,500 each. Repatriation work in connection with returned men will be undertaken upon arrival and not, as at present, upon discharge from the military forces.

The work of repatriation will be controlled by the Government but administered by a board of trustees of whom a minister of the crown shall be chairman. Local committees will be established for the encouragement of local soldiers. A special branch will deal with the provision of artifical limbs. Permanently mained soldiers will be afforded every opportunity to supplement their pensions by the establishment of specially equipped workshops. Some form of "reserve" employment will be found to tide over the period between military discharge and the obtaining of the particular employment desired by individual soldiers.

Uncover Buried Treasure.

Mexico City, June—The authorities of the state of Hiedalgo have uncovered and taken charge of a large quanity of buried treasure according to a statement issued here by the Department of Finance. This treasure which consisted of gold bars was found in a cave near Zacualtipan and is supposed to have been hidden there by bands of Zapatistas which, for many months, ranged the hills near Zacualtipan. It is thought the gold was taken by the Zapatistas from mines and haciendas looted by the band and that they were cut off from the cave before they could remove it.

Investigate Fabulous Story.

Seoul, Korea, June—The police are investigating the circulation of a fabulous story credited by superstitious Koreans that a nine-tailed fox appearing in the form of a woman roams at large in the evenings telling children that she can foretell their future by licking their hands with her tongue. The Koreans declare that the children die suddenly. Many housewives lock their gates before dark to prevent the visit of the supposed fox.

The fable has created consternation in the country districts.

Military Control Abolished.

Mexico City, June—State and municipal affairs formally were turned over to the civil authorities thruout the republic June 1 when the order abolishing military control went into effect. Under the order, military commanders are commanders of garrisons only and have no authority to deal with civil or municipal affairs.

Ironbark Trees for Shipbuilding.

Sydney, Australia, June— Ironbark trees lately have been shipped from New South Wales to the United States for shipbuilding purposes. Ironbark is among the hardest wood known. Three trees were sold for $460.

German Spies Arrested.

Auckland, New Zealand., June—News of the arrest of four German spies at Apia, Samoa, while in the act of signalling to sea from a lighthouse, has been received here. Three of them were sent to an interment camp and the other was ordered to trial by courtmartial.

CHURCH BELLS SENT TO MUNITIONS FACTORIES

Depredations of Germany Keenly Felt by Inhabitants of Northern France—Bells Bearing Historical Inscriptions or of Exceptional Value Only Ones Spared

Noyon, France June.—(Correspondence)—Inhabitants of this region no longer have any doubt as to the fate of the bells and chimes of Northern France. Following those of Belgium, they have taken the road to German munition factories.

All the churches of the region of the Oise and the Somme were stripped of everything they contained in the form of copper and brass before the occupying troops retired. There is no reason to suppose that those still inside the German lines have been spared.

These depredations are acutely felt in this region which has been the country of bells and shimes since Charlemagne generalized their use throughout the empire.

Inhabitants of this region who were deported to Germany before the retreat and have since been repatriated bring news that the Germans have now attempted to "regularize" their rape of the bells by issuing a general "requisition" of all bells not dating as far back as the Middle Ages. Bells cast between 1400 and 1800 are spared only when they bear historical inscriptions or have otherwise an exceptional value historically or artistically. Since few of the bells of Northern France have the necessary antiquity to escape this regulation, it is assumed that all, or nearly all, of them have already been fired back upon French soil in the form of projectiles.

Most of the really ancient bells of France were destroyed during the revolution.

RED CROSS MEMBERSHIP HAS REACHED HIGH MARK

Organization Committee Now Places Figures at 7416—Notes From Red Cross Shop.

Memberships continue to come in for the Morgan County Red Cross and the actual number registered at the shop is 6,050. Enough have been reported from various sources to bring this number to 6,882, and conservative estimates from still other localities total 534. These figures mean total membership of 7,416. There were twenty five or thirty persons who came into the Red Cross shop Saturday and without solicitation took out membership cards. The organization committee hopes that the work of registration may be practically completed this week.

Gordon and Robert Vasey, sons of Mr. and Mrs. R. G. Vasey, were visitors at the Red Cross shop Saturday and took out memberships. The boys had patriotically decided that they wanted to spend their Fourth of July money in this way and so they have Red Cross memberships instead of fireworks.

The Jacksonville Woman's club recently invested an additional $40 in yarn to knit articles for soldiers. This makes $90 that the club has thus invested. Members are expected to call at the home of the president, Mrs. Miller Weir, any Monday afternoon from 2 to 6 o'clock, to secure yarn supplies or to secure knitting instructions.

Officer of the Priscilla society brought to the Red Cross shop Saturday $4.80 in cash, the entire proceeds of the children's entertainment they gave Friday night as a Red Cross benefit.

Buy a Quick Meal Oil Stove and oven and cook in a cool kitchen. They cost very little more than stoves that are not half as good. All sizes at Brady Bros.

WILL IMPROVE CORNERS.

Mayor Rodgers said Saturday that E. M. Henderson, public engineer, is making plans to change the pavement corner on a number of the busiest streets. These corners will be made with a nine foot radius, which will make the turn much more convenient for automobilists and the drivers of other vehicles. Now the corners which are to be changed necessitate sharp turning.

The women of the church and the Congregation of Congregational church are requested to meet at the home of Mrs. G. W. Brown, 235 Westminster street Monday evening at 7 o'clock in order to confer in regard to the starting of Red Cross work in the church. It will be an important meeting and a full attendance is desired.

Mrs. G. W. Brown

CLUBS AND SOCIETIES

The Helen Rawlings Chapter of the World Wide Guild will have their regular meeting Monday evening, at 7:30 in the Baptist church prasonage.

The Foreign Missionary Society at Grace church will be held at Miss Clarabelle Hopper, 301 N. Diamond street on Tuesday, July 3rd, at 3 p. m.

The Young Woman's Foreign Missionary society of Centenary church will hold their July meeting at Nichols park, Monday afternoon at 4:30. Supper will follow at 6 o'clock. In case of rain the meeting will be held at the Woman's College.

The social meeting of the Woman's foreign mossionary society of Centenary church will be held Friday afternoon with Mrs. T. H. Buckthorpe on the Morton Road.

SALE OF DAIRY COWS
Attend H. S. Stevensons cow sale at Little Indian stock yards, Thursday, July 5th, 11 a. m.

CHURCH NOTICE

McCabe M. E. church, Cox street. M. L. Mackay, pastor. Sunday will be patriotic Sunday at this church and the entire day will be devoted to services touching the conservation of foodstuffs. Sunday school, 9:45 a. m., Mrs. E. V. Coen, superintendent. At 11 o'clock the pastor will preach on "Waste." At the evening hour the following program will be rendered:

Song, "My Country 'Tis of Thee."
Prayer—M. L. Mackay.
Song, The National Hymn.
Reading of Herbert Hoover's Letter—Mrs. Dora Corbin.
Duet—Miss Clark and Mrs. Mackay.
Paper, "America As An Agricultural Nation"—Mrs. G. Brinkman.
Paper, "The Women's Part in the Conserving of Foodstuffs—Miss S. Herman.
Solo, "Perfect Day"—Mrs. L. Johnson.
Recitation, "Found Dead in the Street"—Mrs. B. Hayward.
Address, "Wastefulness, Its Folly"—Dr. R. Beverly.
Song.
Offering.
All are welcome to these services.

H. M. Buland who is taking a course at the summer school at the University of Illinois is spending Sunday in the city with Mrs. Buland and daughter Betty who are guests of Mr. and Mrs. S. W. Ingalls. Mr. Buland was kept busy Saturday greeting his many friends made during his residence here while coach of the high school athletic teams.

Mr. and Mrs. Luther Lashmet of Kansas City, Mo., are guests at the home of Mrs. Lashmet's parents, Mr. and Mrs. Andrew Leck of West North street. Mr. Lashmet expects to return to Kansas City this evening but Mrs. Lashmet will remain for a longer visit. Mr. Lashmet now has a desirable position with a large engineering firm in Kansas City.

BAKER REPUDIATES COAL AGREEMENT

(Continued from Page 1.)

his information the costs involved in coal production. I am to some extent familiar with the progress made by the commission. The information I have from that and other sources, I think, justified me in believing that the price of $3, suggested or agreed upon, as a maximum is an exorbitant, unjust and oppressive price.

"I write this for the information of the coal production committee and for the guidance of all other sub-committees of the council."

Causes Much Surprise.

Mr. Baker's letter caused much surprise among those officials who considered that the government had accomplished a notable achievement in inducing the operators to agree to a price far below that now effective.

Several explanations for the letter were suggested tonight among those familiar with the situation. One was that the department of justice is anxious that the fate of pending prosecutions in New York against a few coal operators be not jeopardized by the action taken here regarding prices. Those who take a different view believe that in the near future there may be an issue in the cabinet that will involve the very problem presented in this case. Some members of the cabinet are understood to feel that the best way to handle big business interests in war time is to appeal to their sense of patriotism and fair play and that a little more than ordinary profit would not be a bad thing if it would stimulate production. Another group is understood to feel that there must be a constant use of the great power of the government to coerce business interests to give the lowest possible prices.

How deep the difference goes has not become apparent but it is possible that a reappearance will lead to many difficulties among officials.

YOU WILL BE PLEASED
If you order ice cream from MULLENIX & HAMILTON
Phones No. 70

TO DRILL RAILROAD MEN

Mexico City, June — Employes of the Mexican railroads have petitioned the government that they should be given military instruction so that they may be prepared for active service should Mexico be forced into the world war. This petition was voluntary. The government, it is expected, will detail instructors to drill the railroad men who will give up a certain time each week for that purpose.

WITH THE SICK

Mrs. T. B. Orear continues very ill at Our Savior's hospital. Her condition has not been so favorable the past day or two.

REAL ESTATE TRANSFERS

A. M. Todd to Wiley Todd, part southeast quarter northeast quarter 15-14-11, $1.

D. K. McCarty and wife to Illinois Woman's college, east half northeast quarter, 23-16-11, $1.

Euphemia Estaque to M. F. Dunlap, one third interest in lot 4 Wilkinson and Brown's addition to Jacksonville, $1.

COMPANY DISSOLVED

Notice of the legal dissolution of the Electro Pure Water company was placed on record in the office of Circuit Clerk C. W. Boston Saturday. Stockholders who signed the notice were J. A. Munson, J. N. Conover, C. H. Phillio, A. E. Dunham and F. W. Syler.

CHANGE MADE IN J. H. CAIN & SONS FIRM

Senior Member Will Retire to Devote Attention to Farm Interests —Business to be Expanded.

A change in the firm of J. H. Cain & Sons was announced Saturday, and the firm will herafter be known as J. H. Cain's Sons. The firm will include the three brothers, John D. Cain, Muriel E. Cain, and George R. Cain. The father who has been head of the firm, will retire and recently Louis Cain sold out his interest to become a traveling salesman for the Larabee Flour Milling Co., of Hutchison, Kans. As now outlined, John Cain will be in charge of the office and general manager of the business, his brother, Muriel, will conduct the operating department and George, the third meber of the firm, will be at the head of the sales department. The same products as in the past will be handled but the expectation is to increase the trade territory in a considerable degree. Frank Flynn of White Hall has been employed as salesman to cover the territory south of this city, and the various members of the firm will spent part of the time in trade territory.

It was about twelve years ago that the firm began the flour and grain business and until two years ago the location was on South Main street. In 1915 the Ensminger property, 222 to 226 West Lafayette avenue, was purchased and a large expenditure made in improvements. The location is excellent and the fact that it is adjacent to the railroad makes it possible to hold operation costs to a minimum. All the members of re-organized firm are thoroly experienced. They have business ability and ambition and there is every reason for the expectation that they will prosper in coming days even in a larger way than in the past.

J. H. Cain, who retires, will devote all of his time to his extensive farming interests.

Quick meal oil stoves work fine. Save time, save money and make cooking easy. All sizes at Brady Bros.

FUNERALS

LeSlie.

Funeral services were held from the Old Peoples Home Saturday afternoon at 2:30 o'clock in charge of Elder Walter Rice. Music was furnished by Mrs. Wallace Brockman and Miss Cora Graham with Miss Rice at the piano. The flowers were cared for by Mrs. Rawlings. Burial was in Diamond Grove cemetery the bearers being, A. C. Rice, W. T. Clarkson, Mr. Sims and Mr. Crouse.

Snyder.

Funeral services for Mrs. Sallie Snyder were held from the residence of her daughter, Mrs. L. F. Randall Saturday afternoon at 2 o'clock in charge of the Rev. F. A. McCarty. Mrs. J. Bart Johnson sang a solo with Miss Florence Loar as accompanist. There were many beautiful floral offerings and these were cared for by Mrs. Fred Beggs, Mrs. T. S. Scott, Miss Anna Bronson, Miss Katherine Bronson and Mrs. Preston Wood. Burial was in Jacksonville cemetery, the bearers being, Charles Glossop, T. H. Rapp, William Benson, W. D. Mathers, J. Tabor Mathers and C. A. Osborne.

Kennedy

The funeral of the late Naaman M. Kennedy was held Saturday afternoon at hte residence of Dr. A. J. Ogram on West Lafayette avenue. The impressive services were conducted by Rev. Mr. Beckman of Decatur, assisted by Rev. F. B. Madden. Rev. Mr. Beekman is a long time friend of the family and was Mr. Kennedy's pastor years ago. He spoke in a feeling way of this long friendship and referred to the useful and exemplary life of the deceased. He mentioned the changes that have come to this city, the county and to society generally during the long lifetime of Mr. Kennedy. He referred particularly to the faithfulness of the deceased as revealed in many ways thru the years.

Appropriate music was furnished by Mrs. Edith Richardson and Mrs. James Mahon. There were many beautiful flowers and these were cared for by Miss Mamie Kennedy, Mr. and Mrs. Homer Potter and Luther Kennedy. The remains were taken to Arcadia cemetery for interment and the bearers were S. O. Shuff, Samuel Crum, Edward Chamberlain, Oral Johnson, Oliver Kennedy and Ellis Thompson.

Herrick and North Star refrigerators are machines, not boxes. They save food, save ice and save time—from $10.00 to $30.00 at Brady Bros.

Charles Dalrymple, the well known taxi cab driver who has been in the employ of J. W. Woods for the past six years has severed his connection with the firm. Mr. Dalrymple has been in the carriage and taxi service in Jacksonville for many years and is widely known and popular with the traveling public and local citizens. His plans for the future are not known.

NOTICE !
ALL ACCOUNTS ON OUR BOOKS ARE NOW DUE AND A PROMPT SETTLEMENT IS REQUESTED.
J. HERMAN.

JUSTICE COURTS

In Squire Dyer's court Saturday James Rector was fined $5 and costs for drunkenness and in default of payment was committed to the county jail. The complaint was made by Deputy Sheriff George L. Stice. This case is understood to be the result of an order given by Sheriff Graff to his deputies to arrest any person seen in a drunken condition.

GEO. STURDY WRITES LETTER FROM ENGLAND

Former Resident Here Tells of Unsettled Conditions—Thinks Prices High but is Not Familiar with the Market Conditions Here.

The followng letter, written from Scarboro, England, by George S. Sturdy, well known in Morgan county, gives a very interesting view of conditions in England. The letter was written to Mr. Sturdy's relative, George Simpkins, and was by him given into the hands of his friend, O. F. Buffe. The price quotations on necessities are quite significant in view of higher market conditions here. The letter follows:

May 30,
Shaftsbury Villa, Avenue Road,
Scarboro.

Dear George:

Your letter of the 7th just came to hand, so ft has just been twenty-two days on the journey, when previous to the war seven days would have been about the time required. We never know now when we will get letters from abroad. The last I received from you had been in the sea water and the color was all over the envelope. They open all letters now and the newspaper by mail comes tied up with a piece of twine, and are always three weeks over-due. Please renew the Jacksonville Weekly Journal for me, as I like to see the news from Morgan county.

Price Comparisons.

We are having to pay terrible prices for everything we buy here now. We buy your American bacon at 28c a lb. and beef and mutton is 36c a lb. Butter is quoted at 50c a lb. and eggs are 4c each, and a short time ago they were selling at 8c each. So you can see the situation is serious and how long this will last we cannot say. We are living on very brown bread and Quaker oats, for we have not had any white flour for months. So I hope you Americans will hurry up and come and help us or we shall starve.

I must tell you I never suffered so much with the cold all the years I was in Morgan county. I couldn't keep warm in the house by the fireside and we have not had any nice spring weather. I am afraid that conditions will grow worse but we must live on in hopes even if we die in despair. We are having many thousands of soldiers here drilling and aeroplanes flying about and an awful racket every day, but I hope it will be over soon. I have faith in America and think she will be a great help to the allies, but it is a pity that so many poor fellows have to give up their homes and be killed. Already a great many from Scarboro have been killed in battle.

Notwithstanding our troubles and expenses we are both fairly well and I hope to hear from you again at your earliest convenience. Give my respects to Mr. Buffe. Wishing I could come over and get a good square American meal, I am,

Yours truly,
George S. Sturdy.

SIX OVERLAND CARS SOLD LAST WEEK

Six families in Jacksonville and vicinity are happier because they are riding in Overland touring cars purchased the past week from the J. F. Claus Overland Company.

GREAT PICTURE TO BE SHOWN FREE.

A telegram received Saturday by Mayor Rodgers brought the good news that it would be possible to have the wonderful motion picture, "Heroic France or the Allies in Action," for exhibition here July 4. It was the desire of the Red Cross society to secure these pictures for exhibition at Nichols park the night of July 4, and Mayor Rodgers took the matter up with the committee in Chicago. It is an eight reel picture and those who have seen it declare that it is a marvelous portrayal of scenes in the trenches and on the battle front. The pictures were taken by a corps of artists permitted to move within the battle lines. Mayor Rodgers saw the picture in Chicago while there a month since and said yesterday that it gave him a much more vivid realization of what the war means than he had before.

A screen will be erected near the lake in such a position that thousands can view the pictures.

"LEST YOU FORGET"
Gasoline 20c today.
C. N. PRIEST,
The Ford Man.

HERE FROM TRAINING CAMP

Floyd Lashment, who is at the training camp at Ft. Benjamin Harrison near Indianapolis, is making a brief visit in Morgan county. He called on a number of his Jacksonville frineds Saturday night and then went to the home of his parents in the Murrayville neighborhood.

AT BROOKLYN.

The following patriotic program will be given Sunday night at Brooklyn church.

Hymn "Lord, while for all mankind we pray".

Prayer.

Male Quartett "Rally around the Flag".

Reading—Miss Ethe Reeve "The American Flag".

Anthem by the chorus choir.

Male Quartett "Remember, me O Mighty One".

Sermon.

Hymn—America.

Mr. and Mrs. E. W. Brown, Warfield Brown, J. P. S[illegible] and Mr. and Mrs. Marcy Osbo[illegible] left Saturday night for Waupa[illegible]. Part of the family intended t[illegible]vel by automobile but the ra[illegible]urday morning changed this p[illegible]

U. C. T. WALLOPS ALEXANDER

The baseball team of the United Commercial Travelers journeyed to Alexander Saturday afternoon and returned with the scalp of the Alexander team the score being 13 to 11. It was the first defeat that Alexander has sustained this year and it has played a number of Springfield and Jacksonville teams.

The team that played Saturday was a bonafide United Commercial Travelers, all of the members being active members of the local order. The Journal endeavored to get a box score of the game but was unable to do so.

Features of the game was the batting of the U. C. T. team, Lavery and Kissel getting home runs.

The battery for Alexander was Beerup and Beerup.

The U. C. T. team lineup follows: Kennedy, c; Woodman, p; Lavery, 1b; VanValzah, 2b; Cannon, ss; Coe, 3b; Johnson, rf; Murphy, cf; Kissel lf.

Ventilating Porch Shades

Keep the Hot Sun Out
Let the Cool Breeze IN

No porch need now be hot and uncomfortable. These new Ventilating Porch Shades reduce temperature 10 degrees on hottest days.

Real ventilation is the secret! Air is not retarded as with old style, heavy awnings and shades. Nothing so delightful and cool as the Aeroluxed porch.

Beautiful—Durable—Artistic

Aerolux Ventilating Porch Shades are made of rustic Linwood. They last for years—defy weather—need no attention. When rolled up cords are out of sight. Patented "No-Whip" attachment prevents flapping in the wind.

Aerolux Ventilating Porch Shades will give you absolute comfort. Compared with service given they are the most economical you can buy.

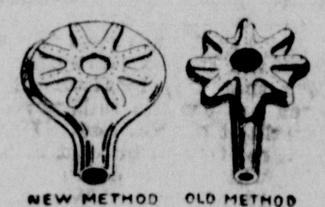

We carry a complete line of Aerolux. Variety of beautiful permanent colors. Sizes to fit any porch opening. Come in today and see them or ask to have our representative call with samples.

CONDITIONS CLEAN AT ROCKFORD CAMP

President of Federation of Women's Clubs Writes Letter Which Gives Cheering News.

Mrs. Miller Weir as president of the Jacksonville Woman's club has received the following letter from Mrs. Jessie I. Spafford, president of the Illinois Federation of Woman's clubs. The letter is relative to conditions surrounding the Illinois cantonment at Rockford and its contents will certainly mean something of both comfort and pleasure to the mothers of soldiers who may be mobilized there. Jacksonville women will find a personal touch in the letter from the fact that Mrs. Spafford is to visit this city next fall and make an address before the Woman's club.

"My Dear Club President:

"Rockford has been selected as the site for the Illinois cantonment. We believe that this location has been chosen because the military officials thought it a good one. However, we all realize the burden of responsibility which has come with this honor to our city. We hope that we are ready for it.

"Since war was declared, I have met so many of our club women, as I have journeyed up and down the state, that I know just how anxious the mothers are about this camp and its surroundings. Perhaps it will help a little if I send them, thru you, some information about its location and what we hope to do for the boys while here.

"First, from a sanitary standpoint the place is most satisfactory.

"Next, Rockford has been a 'dry' town for a number of years and is surrounded by 'dry' territory. Thus one great evil has been eliminated.

"Rockford has never had a "red light" district, and we do not intend to have one now. The city and county authorities, the Chamber of Commerce and our women's organizations are alive to the danger from camp followers and are determined that they shall not find an abiding place in this or any neighboring township.

"All Rockford is planning to welcome your boys and to do all that is in their power, for their pleasure and comfort. Committees have already been appointed for such service. Moreover, you yourselves will be coming to see your boys in camp. The Rockford women will welcome you and stand ready to be of any possible assistance. You will hear from them in a more definite way when their hospitality plans are perfected.

"As for my own part, I shall feel a personal interest in every one of your boys and I shall want to know when they are coming and when you yourselves expect to visit Rockford. Remember that I am at your service in any way that you choose to call upon me.

"Will you please give this letter of mine such publicity as will be necessary to reach all your 'soldier mothers?'

"Most sincerely yours,
"Jessie I. Spafford."

FEDERATION CONSIDERS PLAN FOR BIRTH SURVEY

Facts Designed for Registration Records will be Gathered From County—Address Made by Dr. Milligan—Committees Named.

At a special meeting of the executive board of the County Federation of Woman's clubs held at the public library Saturday afternoon plans were perfected for the county survey of birth registration.

There was a large attendance and an address was made on the subject by Dr. Josephine Milligan. In her address Dr. Milligan spoke first of infant mortality. Second of education and third of child labor. Her address contained much that was instructive to those present.

There has been a laxity in the matter of registering births and the government enacted a law in 1915 which is very stringent. A survey of the county was made under the supervision of the board of health in 1916. This survey was not satisfactory to the board and is the reason of the present survey.

The survey to be made will be started at an early date and completed some time the latter part of August. The results of this survey will be compared with the statistics secured in 1916. At the meeting Saturday it was decided that the work in each precinct would be done under supervision of the precinct vice president who will appoint her own committee.

The president of the federation, Mrs. Ben Lurton, announced the appointment of the following standing committee chairmen:

Committees Named

Civics and Health—Mrs. A. L. Adams, Jacksonville.

Parent - Teacher — Mrs. Frank Burnham, Chapin.

Education—Mrs. J. H. Dial, Jacksonville.

Good Roads — Mrs. Emma G. Smith, Mound Road.

Alms Houses and Jails—Miss Annie Hinrichsen, Alexander.

Press and Publicity—Mrs. J. P. Doan, Jacksonville.

In line with the action of the government in the appointment of a Woman's Council of Defense, the following were appointed:

Mrs. Frank Hunter, Sinclair; Mrs. Frank Green, Strawn's Crossing; Mrs. Clark Stevenson, Orleans; Mrs. Harry Kitner, Mound Road; Mrs. J. M. Liter, Literberry; Mrs. A. A. Curry, Pisgah; Mrs. Lawrence Sears, Franklin; Mrs. H. B. Daniel, Murrayville.

The following Red Cross committee was appointed and will work in conjunction with the Jacksonville chapter of the Red Cross representing the federation:

Mrs. F. M. Roberts, Chapin; Mrs. E. E. Hart, Sinclair, Mrs. W. H. Hinrichsen, Alexander; Mrs. Emma G. Smith, Mound Road; Mrs. A. E. Obermeyer, Arcadia; Mrs. Bella Seymour, Murrayville.

Mrs. J. M. Elder, Franklin and Mrs. Harris, Sinclair, were named vice presidents of their respective precincts.

Today and always, Independent gasoline—BOWSER filtered. Monogram and Havoline oil, pumped clean from a new BOWSER wheel tank installed yesterday, at the BOWSER Filling Station opposite postoffice.

BELL TELEPHONE CHANGES AND BETTERMENTS.

Many changes and improvements are being made and others are in contemplation in the Jacksonville district of the Bell Telephone company. Chief among the changes will be the removal of the Alexander exchange from the residence of Mrs. Margaret Colwell to that of Miss Mary Wagner. A force of men are at work on the exchange and it is the intention to have the new exchange in operation July 1. The Alexander exchange has been in charge of the Colwell family for the past thirty two years and the service has been of a high order. Miss Wagner has for some time held a position as operator at the exchange.

Improvements include a new copper toll conduit from Springfield to Quincy, a new copper circuit to Carrollton and a new circuit to St. Louis will soon be in operation. The toll circuit from Jacksonville to Chapin is to be rebuilt, a new copper circuit from Jacksonville to Beardstown and one from Beardstown to Quincy are to be built and the line from Jacksonville to Winchester is to be rebuilt.

NOTICE

N. J. Goss is in the employ of this company and is authorized to take subscriptions, make collections and advertising contracts. Mr. Goss has been in the employ of this company for more than a year.

JACKSONVILLE JOURNAL COMPANY

MAY BUY BONDS ON EASY PAYMENTS.

In order to facilitate the buying of Liberty bonds by its employes, the Jacksonville Railway & Light company has determined upon a method by which the employes may buy the bonds on easy payments. The corporation will purchase the bonds and allow employes to pay for them by deducting a small amount from the semi-monthly pay check. The announcement of the plan was made by letter sent to all those connected with the company.

Pennsylvania lawn mowers are the best at Brady Bros.

George W. Brady has gone to Chicago and Elgin for a week's visit. Mr. Brady is enjoying his annual vacation. In Elgin he will visit his daughter, Mrs. E. W. Fell.

CHANGE IN FIRM AT SCHRAM STORE

O. H. Buhrman Has Purchased A Half Interest in Business—Mr. Schram to Take Extended Vacation.

The public will be interested to know that the jewelry store so long conducted by Dennis Schram is to be continued. The stock was too large as it was and Mr. Schram desired to reduce it and took the auction method with gratifying success. Now that this has been accomplished and because of his desire to spend more time away from the store he has sold an interest in the business to O. H. Buhrman who has been with him as a faithful assistant for nine years. Mr. Buhrman will rave an equal share in the establishment.

Mr. Schram will seek a long needed rest beginning shortly a vacation and on his return will devote a part of his time to the business but will not be here all the time as in the past. Mr. Buhrman is thoroughly qualified to take charge of the business and has shown himself to be a man of ability and strict integrity.

It is also very gratifying to add that Miss Lulu Wood, so deservedly popular, will continue with the establishment as in the past.

OUR FIREWORKS ARE NEW

Get genuine kind at Lane's Book Store. West State. Buy early.

AN EXCITING TRIP.

Miss Sadie Lynch, daughter of Henry Lynch, has arrived home from Los Angeles, California, having been eight days on the trip and passing thru some exciting experiences. In California the train passed thru a forest fire and had a wreck and encountered two washouts between Salt Lake City and Denver. She was slightly injured in the wreck but sustained nothing serious and is glad to be at home again.

MRS. ROBERT ALLEN BUYS HUDSON SUPER SIX

Mrs. Robert Allen of Riggston has bought of R. T. Cassell a Hudson Super Six Speedster, four passenger.

MAKING ARRANGEMENTS FOR ANNUAL CHICKEN FRY.

Elmer G. Smith of the Grace Chapel neighborhood was in Jacksonville Saturday making arrangements for the annual chicken and fish fry to be held at Grace Chapel Church. The event this year is to be held Thursday, August 16. The committee in charge of the affair is composed of the following: Mrs. Harry Braner, Mrs. Walter Houston, Messrs. H. E. Ogle, Elmer E. Smith and Chester Braner.

Mrs. Charles S. Rannells of Chicago is visiting at the home of Clark Stevenson near Orleans and her sister, Mrs. J. M. Cully, 830 West College avenue.

PLANS FOR ALL WEEK GOLF TOURNEY MATURED

Prizes Donated by Merchants Will Add to Interest of Play—Rules are Announced

The golf tournament at Nichols Park, announced for July 4th, will be extended over the whole week. This change in plans was made because it was known that many golf players will be out of the city on the Fourth. A fee of 25c will be charged and this will be turned over to the local Red Cross fund. Persons paying this fee and registering their names and handicaps with F. E. Farrell of T. J. Brennan, will have the privilege of playing any day during the week. The entire eighteen holes must be played in one day, altho one round may be played during the morning and the other during the afternoon, and the score must be returned the same day and verified by opponents.

The players will play in pairs and prizes will be awarded each man and woman whose net scores are nearest to the blind bogey selected preceding the game. Those making the lowest net scores will also be awarded prizes, and there will be consolation prizes for both men and women turning in the highest scores. There is a chance for each player to win two prizes.

The following merchants have donated prizes for the tournament: T. J. Brennan, Myers Bros., Lukeman Bros., H. L. & B. W. Smith, Brady Bros. and J. A Obermeyer & Son. Blind bogey will be known only to the disinterested person who selects it, and will be placed somewhere between 68 and 78. In choosing a handicap a number may be selected by the player which in his belief will most nearly approach the unknown number, when subtracted from the score made in the two rounds. Skill in the playing of golf does not enter into this contest, the poor player having an equal chance with the expert.

The following are among the grounds rules:

But one ball may be played from tee without penalty of stroke for each additional ball put into flight. West of the cinder path adjoining the Alton right of way is out of bounds and a ball may not be played from such lie, but must be dropped on the course with penalty of one stroke All water hazards must be played, and no player in the tournament will be permitted to carry ball across the water. Each ball played into water counts two strokes, no matter how many may thus be played.

In case of ties the players must play off the same, using the handicap chosen in the tournament.

A list of the holes on the park course follows, together with distances from tee to cup, and with established bogey:

No. 1—"The Only Way", 225 yards; bogey 4.

No. 2—"The Submarine," 110 yards, No. bogey, No. yards; No. yards; No. bogey, No. yards; No. bogey, This long a

"The Best Place to Trade, Aft

TO ATTEMPT RESCUE OF CROCKER EXPEDITION

Neptune is Third Relief Vessel Sent —Is Especially Well Equipped for Such a Mission—Supplies Carried North Include Hundreds of Items.

New York, June 30.—The steam sealing vessel Neptune is ready today to leave St. Johns, Newfoundland, to make the third attempt to bring back to civilization the members of the Crocker Land Expedition, marooned in the Arctic. Captain Robert A. Bartlett, who accompanied Rear Admiral Peary to the Arctic, regarded as one of the most skillful of navigators of the frozen regions of the north, is in command of the Neptune.

The departure of this—the third relief vessel to be sent to the rescue of the Crocker Land Expedition—marks one of the most costly enterprises of exploration. Two other vessels, the "George B. Cluett" and the "Denmark," made ineffectual attempts to bring back the explorers who four years ago went in quest of the mysterious Crocker Land, which Rear-Admiral Robert E. Peary believed he had seen in 1906. The Expedition was sent out under the joint auspices of the American Museum of Natural History, the American Geographical Society and the University of Illinois, under the leadership of Donald B. MacMillan. What appeared to the eyes of the discoverer of the North Pole, was declared by Mr. MacMillan to be merely a mirage and the party has looked for Crocker Land in vain

New Islands Found.

The MacMillan party, meanwhile, has been conducting explorations on its own account and has discovered six new islands, explored new lands, found extensive deposits of coal and other minerals and has gathered together a vast store of scientific knowledge. These scientists are proceeding with their professional work as calmly as tho they were not exposed to dangers of starvation.

Dr. Harrison J. Hunt, the surgeon of the expedition, who a few days ago came back to this country, after a thrilling journey of fourteen miles over the ice of Melville Bay, reported that unless help were sent his companions would be in dire extremity by August 1. The scant supplies were even then being rationed out to them. After midsummer they will be obliged to subsist as best they can upon the country and after the manner of the Eskimos. Walrus meat and caribou may possibly be obtained but they will be dependent largely upon the fortunes of the chase. Dr. Hunt says that unless help is sent he fears fatality.

The "Neptune" which will soon be on its way to Etah—the base of the Crocker Land Expedition—is a vessel especially well equipped for such a mission. "The Queen of the Sealing Fleet," as she is called, is one of the stoutest vessels afloat and her stout ribs may well withstand the pressure of the polar pack.

In addition to her regular stores, she is carrying eight tons of food for the use of the Crocker Land party.

Hope for Return in Autumn.

R. Henry Fairfield Osborn, President of the American Museum of Natural History and Chairman of the honorary Committee of the Expedition, said the other day that he considered the scientific results obtained by the Expedition fully justified its enormous cost. He expressed the hope that the general public would aid the institutions concerned in bearing the expense. George S. Sherwood, Acting Chairman of the Committee in charge, says that he feels confident that, barring accidents, the "Neptune" will be back with the MacMillan party in the early autumn and that the Expedition will reach a triumphant close.

How many are the demands of civilization is shown in the manifest of the "Neptune." The supplies which she is taking north include hundreds of items. Among some of the stores in the hold are 2,000 pounds of pork, 5 barrels of sugar, 5 crates of yellow meal, 4 cases of oatmeal, 5 cases of sliced pineapple, 2 cases of evaporated apples, 2 cases of evaporated peaches, 150 pounds of butter, and a keg of sour pickles.

SOUTH DAKOTA AGAIN IN PROHIBITION COLUMN

Attainment of State-Wide Prohibition Ends Long Campaign Waged By Dry Forces—Law is Probably Most Drastic in the Country.

Sioux Falls, S. D. June 30—With the closing of saloons thruout the state at 9 o'clock tonight, South Dakota for the second time will enter the column of prohibition states of the nation. It is estimated that approximately 225 saloons, as well as numerous wholesale liquor houses and breweries will suspend business.

Under the constitutional amendment adopted in the election of November 7, and with the subsequent enactment of legislation by the 1917 legislature for its enforcement after July 1, the state tonight will enter upon an era of absolute prohibition. The South Dakota prohibition law, it is claimed, is probably the most drastic in the country.

The action of the electorate in adopting constitutional prohibition marked the second time in the state's history when state wide prohibition was adopted. In 1889, when South Dakota was admitted to the Union, a prohibition clause was included in the constitution. However, seven years later the law was repealed, largely because lax enforcement had turned sentiment against it. While the fundamental law provided that the state should remain under a limited prohibition, a local option feature was introduced which permitted communities to vote on question at spring elections and if a majority were returned in favor of license, saloons might operate for one year. Unless another election was held and a wet majority returned, however, the town again became dry.

Is "Bone Dry" Measure

The attainment of state-wide prohibition ends a long campaign waged by dry forces and is the climax of a series of legislature steps which paved the way for the ultimate "bone-dry" measure.

In 1908 and again in 1910, county option was submitted to the voters and defeated both times. Then the nine o'clock closing law and additional measures regulating the liquor traffic or limiting some of its privileges, were obtained. In 1914 the people defeated an initiated law of the liquor interests which would have reversed the constitutional law by permitting a town which voted "wet" to remain so until the dry forces brought about an election.

Five prohibition laws were passed by the 1913 legislature which curtailed to a great extent the sale of liquor in South Dakota. One limited the number of saloons to one for each 600 or major fraction of the population: a second created a dry zone of five miles around every municipality which enjoyed prohibition; a third forbade the sale of liquor to minors; another made it a misdemeaner for any intoxicated person to drive a motor vehicle; while the so-called freeholders law, defined the qualifications of freeholders who might petition for a license election. The operation of these laws, it is said, drove 125 saloons out of business. Early in 1915 railroads operating in the state prohibited the sale of liquor on trains.

Substantial Growth Shown

Under these restrictive measures, statistics show a substantial growth in the prohibition movement. In 1913 there were 179 towns which licensed the sale of liquor. In 1914 this number decreased to 132, in 1915 to 97, and in 1916 to 73.

Steps to compel submission of the prohibition issue to the voters of the state were taken in 1914 by the Anti-Saloon League. Initiative petitions were circulated and 8,000 signatures were obtained in favor of the proposition. A bill to submit a constitutional amendment to the people was then brought before the 1915 legislature and passed. The amendment subsequently was adopted in last election and law passed by the last legislature to put the measure into effect. Provisions of the Prohibition act makes it unlawful to manufacture, sell, give away or import intoxicating liquors in the state under a penalty of a fine of from $20 to $1,000 and imprisonment in a county jail from 30 days to six months for the first offense. For a second offense and every succeeding offense the violator would be deemed guilty of a felony and liable to a sentence of not less than 60 days or more than two years in the state penitentiary. In case of second offense the judge may, in his discretion, impose a fine not to exceed $2,000, in addition to imprisonment. Druggists convicted of illegal sale of liquor, under the law, in adddition to being subject to fine and imprisonment, would be deprived of their licenses.

The law prescribes that intoxicating liquors may be secured only for scientific, medical and sacramental purposes.

A state sheriff is designated to enforce the provisions of the act and power is granted to the governor to remove any state officers who fail to carry out its regulations.

SPECIAL PROGRAM AT ASBURY

There will be a patrioic service at Asbury church Sunday at 3 p. m. The following will be some of the features as arranged by the pastor, W. W. Theobald.

Elmer Hairgrove, the prominent attorney of Kansas City, is visiting his brother W. N. Hairgrove and his father of this city.

The Danger In Economy

PRESIDENT WILSON has called on the country to economize in every possible way.

BUT THERE is a danger in having the wrong idea about economy. The danger is in not knowing what economy means.

MANY PEOPLE think economy means merely "saving", getting goods at low prices. Economy means management; it may pay a higher instead of a lower price.

EVERY FARMER, every business man, every housewife, knows that low price isn't necessarily economy.

A PURE bred dairy cow at $100 may be more economical than a common grade animal at $50.

THE WISE merchant doesn't always buy the cheapest he can find; his customers want quality more than low prices. In short, economy means management; it appreciates that in good quality there's greater service and less waste.

IT'S THE SAME way about wearing apparel. A 50c price looks good compared with a $1.00 price; but real economy compares the goods, not the prices; anybody can say "just as good"; nearly everybody does. Economy says, "When you can't test the quality for yourself, buy on confidence in the maker or the seller.

WE CARRY everything of the highest standard obtainable and when you get anything here that doesn't prove economy come back and get your money.

UNCLE SAM'S THRIFT THOUGHT FOR TODAY

Sunday.

Have you left-over cereal mush from breakfast, and meat left from yesterday's dinner, Madam Housewife?

Combine them, suggests the U. S. Department of Agriculture, and make an appetizing luncheon or supper dish.

Scalloped Cereal and Meat.

Place alternate layers of cold cereal (cut or mashed into fragments) and minced left-over meat in a baking dish. Make the top layer of minced meat and bread crumbs If the mixture is too dry, pour over it enough milk to moisten. Place in medium oven until heated thru and browned a little on top.

Jacksonville, June 23, 1917.
To the Automobile Insurance Association of Jacksonville, Ill., Room 611, Ayers Bank Building.
I wish to express my appreciation for the prompt and satisfactory settlement of the loss on my car, which occurred Sunday, June 17th.
I can cheerfully recommend the Association to all car owners. R. Y. GIBSON.

WABASH TO HAVE NEW LOCOMOTIVES

July 15 is the earliest date at which the twenty-five new freight locomotives which the Wabash has ordered from the American Locomotive company at Dunkirk, New York, will arrive on the local division.

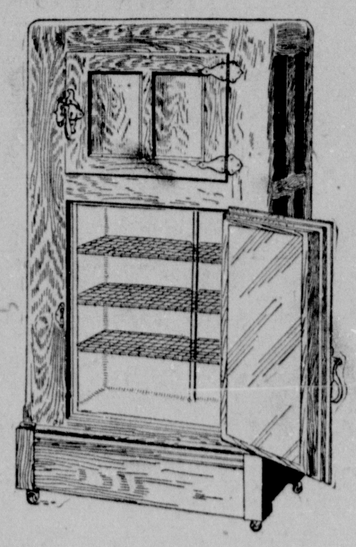

The delivery of the new locomotives is being held up by a large shipment of locomotives to the Russian government which the company is making. The engines for foreign use are urst put together, then "broke in" on the roads and then knocked down and boxed for foreign shipment, which makes the process of inspection and delivery of foreign orders a tedious one.—Decatur Review.

"ILIAD" GAVE HINT OF WAR GAS

Why, I wonder, is the word "Homeric" such a favorite with writers at the front and with the subeditors who trick out their narratives? In the Homeric days men fought with swords and spears and bows and arrows, with the assistance of an occasional thunderbolt from Jove. What basis of comparison is there between these toys and the weapons of today?

Yet there is one curious parallel which has not, I think, been pointed out. In the fifth book of the "Iliad" we are told that "fierce Mars spread a vapor over the battle, aiding the Trojans." If not exactly poisonous gas, this may be said to be at least an anticipation of the modern smoke screen.—London Observer.

VAUGHN HOLDS CARDS TO FOUR HITS; CUBS WIN

CHICAGO BUNCHES HITS OFF AMES AND MAY

Elliott Leads Attack for Chicago by Driving in Two Runs and Scoring Three Times Himself—Mann's Spearing of Baird's Line Drive a Feature

Chicago, June 30—Jim Vaughn held St. Louis to four hits today, while Chicago bunched hits off Ames and May and shutout St. Louis 6 to 0. Elliott, who replaced Wilson in the second inning when the latter had his finger hurt by a foul tip, lead the attack for Chicago by driving in two runs and s. threee times himself. Three of the visitors' hits were of the scratch kind. Mann's spearing of Baird's line drive in the ninth inning, when he leaped into the air near the fence and caught the ball with his bare hand, was a feature.

Philadelphia 6-8; Brooklyn 2-9

Brooklyn, June 30—Brooklyn lost the first game to Philadelphia by 6 to 2 and won the second by nine to eight. The opener was merely light exercise for Alexander. Coombs lasted five innings and Dell was knocked out in the seventh. Sixteen hits were made by Brooklyn in the second game off Mayer and Chief Bender. Philadelphia made ten hits off Cadore, who was forced to cover in the eighth. Cheney stopped the Phillies and saved the game.

Umpires—Klem and Bransfield. Time—2 hours.

Pittsburgh 9; Cincinnati 4

Pittsburgh, June 30—Pittsburgh defeated Cincinnati today by 5 to 4. J. H. (Hans) Wagner, who temporarily has been placed in charge of the team, scored Pittsburgh's first run, and on his second time at bat drove in two more men. In the ninth inning with first and third bases occupied and one out Pitler prevented Cincinnati winning by making a brilliant catch off Cueto's high fly back of second base. He whipped the ball to Fischer who relayed it to McCarthy at third base completing a double play and ending the game.

Score:
Cincinnati ..102 000 001—4 10 2
Pittsburgh ..010 002 20x—5 7 2
Batteries—Schneider, Ring and Clarke; Cooper and Fischer.

New York 8; Boston 2

New York, June 30—After pitching sensational ball for six innings, Nehf of Boston went to pieces in the seventh and New York scored eight runs. The big inning enabled the locals to win easily by a score of 8 to 2. Zimmerman and Tragesser were put off the field for protesting decisions.

Umpire Rigler also cleared the bench of all extra players in the eighth inning.

Cooking is a hot job in summer. It should be made as easy as possible. The best way to relieve your wife of the burden is to buy a Quick Meal oil stove and oven at Brady Bros.

SUSPEND RUTH FOR A WEEK; FINE HIM $100

BOSTON, June 30.—A suspension of one week and a fine of $100 was the punishment imposed upon "Babe" Ruth, leading pitcher of the Boston American for striking Umpire Owens a week ago, according to word received from President Ban B. Johnson of the league today. Ruth will be eligible again to play next Tuesday.

The world champions today released Olaf Henriksen, utility outfielder and pinch hitter, famous for a time thru his hit which gave Boston the eighth game and the world's series with the New York Nationals in 1912. He has been with the Red Sox since 1911 and was sold to the Toledo club of the American association. J. Weldon Wyckoff, a pitcher formerly with the Philadelphia Athletics was released by Boston to the Buffalo Interantionals under an optional agreement.

RUTH MUST PAY CLAIM.

Cincinnati, O., June 30.—The National Baseball commission here today decided that Pitcher George Ruth, of the Boston American league team will not be eligible for service until he servivces a claim made to the commission by Player C. A. Deal, of the Chicago Natoinals of $100, alleged to be due on an automobile.

Player Chase Humphreys of the Minneapolis club is also declared disqualified until his alleged indebtedness of $53.07 to the Baseball Club is settled.

Quick meal oil stoves work fine. Save time, save money and make cooking easy. All sizes at Brady Bros.

Chicago, June — Jack Ness, the first base man who established a world's record on the Pacific coast for hitting in consecutive games, and who last year played with the Chicago Americans, is now hitting at .429 clip, in the ranks of the semi-professionals in this city. Ness refused to go to Columbus of the American Association this spring when the Chicago White Sox released him, and entered the ranks of the semi-pros. He is second in the list of semi-pros here. In the twenty-one games he has played he made 9 hits and scored 5 runs. He has one stolen base to his credit. Ness is playing first base for the Magnets. The Magnets are members of the Chicago league.

Cooking is a hot job in summer. It should be made as easy as possible. The best way to relieve your wife of the burden is to buy a Quick Meal oil stove and oven at Brady Bros.

Detroit, Mich., June — "Nig." Clark, former major league catcher, has applied for enlistment in the marine corps. Clark was told by the officer in charge of the local recruiting office that he probably would be accepted if he would undergo a slight operation. "Nig" agreed to do this.

NAPS OUTCLASS CHICAGO AND WIN

EACH SOX PITCHER IS HIT HARD.

Bagby Proves Effective, His Own Error Saving Chicago from a Shutout—Speaker Scores from Second on a Sacrifice fly.

Cleveland, O., June 30—Cleveland outclassed Chicago today at bat, in the field and in base running, winning by 11 to 1. Each Chicago pitcher was hit hard while Bagby was effective, his own error saving Chicago from a shutout. Speaker scored from second on a sacrifice fly.

Philadelphia, 14-8; Washington, 6-5.

Philadelphia, June 30.—Hard hitting marked the two games which Philadelphia won from Washington today, the scores being fourteen to six and 8 to 5. In the second game Grover's triple with the bases filled in the third inning was the feature.

First game:
Washington 030 010 020— 6 7 3
Philadelphia 309 610 40x—14 19 0
Batteries—Jumont, Ayers and Henry; Seibold and Haley.
Washington .002 012 000—5 12 3
Philadelphia .214 100 00x—8 10 0
Batteries—Shaw, Gallia and Ainsmith; Bush and Meyers.

St. Louis, 4-5; Detroit, 3-6.

St. Louis, Mo., June 30.—Ty Cobb got a home run with the bases filled in the fifth inning of the second game of the double header between Detroit and St. Louis today and in the seventh inning he hit a triple which scored Young from first. It was the twenty eight consecutive game in which Cobb hit safely. In the first game, Cobb got a double and a single. St. Louis won the first game 4 to 3 and Detroit took the second 6 to 5. Cobb practically decided the second game when with the bases filled in the fifth inning, he hit the ball over the right field bleachers.

MR. AUTO OWNER!
Why throw your old auto tires away when they are good for 2500 to 6500 more miles.
My method of taking two old tires and making one good one is saving thousands of auto owners from 50 to 75 per cent on their bills.
Send me two old tires and I will make one good tire that you can get from 2500 to 6500 more miles out of. In sending me tires be sure one has a good rim no matter how bad the tread is worn. For the other one that has a good tread no matter what condition rim is in.
If You Haven't a Tire with a Good Tread I Can Furnish You One
PRICES FOR DOUBLE TREADING

SIZE	When you furnish both tires	When You Furnish one tire	SIZE	When you furnish both tires	When You Furnish one tire
30 x 3	$2.25	$4.00	35 x 4	$3.25	$6.25
30 x 3½	2.50	4.25	36 x 4	3.50	6.50
31 x 3½	2.50	4.50	34 x 4½	3.50	6.50
32 x 3½	2.75	4.75	35 x 4½	3.75	7.00
34 x 3½	3.00	5.25	36 x 4½	3.75	7.00
32 x 4	3.00	5.50	37 x x4½	4.00	7.50
33 x 4	3.00	5.50	37 x 5	4.00	8.00
34 x 4	3.25	6.00			

Where a tire is blown out an additional charge of 50 cents is made. Patches necessary in a tire, an added charge of 35 cents for each 10 inch patch.
Tires sent to me should be prepaid as I pay no transportation charges either way.

PATRIOTIC SERVICE AT CHRISTIAN CHURCH

Interesting Program Arranged for This Morning—Offering for Red Cross—Recognition of Those who Have Served in Previous Wars

At Central Christian church this morning Patriotic Sunday will be observed in a fitting manner. The program promises to be of more than usual interest and includes the following numbers:

Doxology—Congregation.
Opening Prayer—Geo. Harney.
Statement of Purpose of Patriotic Sunday—Eugene Darr.
Song, "God Bless Our Native Land"—Hymn 114.
Responsive Reading—Psalms 24 and 46.
Quartette, "My Native Land"—Helen Heddick, Beatrice Dye, Clifford Carlson, Richard McCarty.
Intercessory Prayer—U. J. Hale.
Song, "God Bless Our Men"—Edith Carlson and Fern Haigh.
Patriotic Messages (From utterances of Wilson and Lincoln)—Weir Wood.
Song, "America"—Congregation.
The Story of the Flag—Miss Eleanor Thompson.
Song, "Star Spangled Banner"—Congregation.
Salute to the Christian Flag by all. "I pledge allegiance to my Flag and to the Savior for whose Kingdom it stands; one brotherhood, uniting all mankind in service and love."
Salute to the American Flag by all. "I pledge allegiance to my Flag and to the Republic for which it stands; one nation indivisible, with liberty and justice for all."
Recitation, "Old Glory"—Beatrice Dye.
Solo, "Columbia the Gem of the Ocean"—Lois Harney.
Recitation, "Your Flag and My Flag"—Mable Ruyle.
Statement of Work of Red Cross—Hugh Green.
President's Letter to Sunday Schools.
Pass Out Red Cross Registration Blanks.
Offering for Red Cross.
Solo, "O! Beautiful Flag"—Francis Kaule.
Recognition of the living soldiers present who have served the Nation in previous wars.
Recognition of those who are serving or have enlisted as soldiers or nurses in the present war. A list of their names will be kept in a prominent place in the Sunday school room.
A statement of Patriotic Service for Period of War.
Closing hymn, "As Goes America."
Communion Service.

Better qualities of better styles of better PANAMA HATS, with more to select from at no greater price are shown by FRANK BYRNS' Hat Store.

Y. M. C. A. RUSHES GOODS TO WAR FRONT

Tons of Supplies Have Been Sent to Various Seaboard Points—Five Tons of Milk Chocolate.

Information has been received from the international headquarters of the Y. M. C. A. in New York that hundreds of tons of materials are being rushed to various seaboard points for shipment to the American concentration camps in France where the Y. M. C. A. is to be carried on. These materials have been purchased from funds contributed from all sections of the United States, of which Chicago furnished more than $200,000.

Transportation by special trucks from the factories to seaboard are being made. A consignment of five tons of milk chocolate from Dorchester, Mass., and stationery from the factory at Springfield, Mass., are among the shipments. Some further idea of what the war work of the Y. M. C. A. constitutes is shown in the following list of materials purchased for the army and navy buildings and camps in France:

Ten thousand pounds of sugar, 20,000 packages of chewing gum, 600 dozen packages of biscuits, 10 folding organs, 3 cases of athletic equipment, 100 moving picture machines, 100 talking machines, 5,000 records, 500,000 phonograph needles, 300,000 feet films (rented), 4,000 quarts of ink, 504,000 pens, 10,800 penholders, 100,800 pencils, 560 baseball gloves, 400 baseball bats, 5,000 baseballs, 7,000 sets of checkers, 3,000,000 sheets of letter paper, 1,500,000 envelopes, 20,000 testaments, 50,000 gospels, 10,000 hymn books, 2,000 blankets, 500 camp cots, 150 cash registers, 100 typewriters, 1,200 magazine holders.

The man who knows the real comfort of Munsing Underwear will buy no other kind. FRANK BYRNS shows many styles of this.

HELPING ALONG WITH TRAFFIC

Motorcycle Policeman Hogan was stationed Saturday afternoon as traffic officer at the corner of West State street and West street. His presence there was very beneficial to traffic. On account of the high buildings it is not possible for auto drivers on West street to be seen either by other auto drivers or pedestrians until they are within a few feet of the corner, and neither can those on West Street see persons approaching the corner from the east. Consequently there is frequent congestion at the corner and the presence of a traffic officer there on busy days will be very helpful. Chief of Police Davis has for a considerable time had traffic men stationed on the square on especially busy days and has simply extended this service.

Alvin Carpenter of the vicinity of Shiloh was in the city yesterday and reported forty acres of soft wheat in fair condition. He says corn in his vicinity was generally good and has been cultivated from one to three times.

CHURCH SERVICES

First Baptist Church—Cor. State and Church Shreets. A. A. Todd, pastor. Bible school 9:30 a. m. Supt. Carl Weber. Morning sermon 10:45, theme "Help from the Hills". B. Y. P. U. 7: p. m. Topic: "Little things that make and mar". Evening services during July and August will be at 7 and 8 instead of 6:30 and 7:30. Services at Baptist Chapel Sunday 2:30 p. m. and Children's Day Exercises, and Friday 7:30 p. m.

Trinity Episcopal Church 4th., Sunday after Trinity. Early service 7:30, Sunday school 9:30, Holy Communion and Sermon 10:45. Tuesday at 2 o'clock in Guild house Red Cross workers will meet. Thursday at 2 o'clock, Mrs. J. Parker Doan will give, in the Guild house, a demonstration in canning for the Red Cross. J. F. Langton, Rector.

Grace Methodist Episcopal Church—F. B. Madden, minister. Sunday school 9:30 a. m. Public worship 10:45 a. m. This will be a patriotic service with an address by Mr. H. H. ADMINISTRATOR'S NOTICE.

Estate of Henry Richards, Deceased.

The undersigned, having been appointed Administratrix de bonis non with will annexed, of the estate of Henry Richards, late of the County of Morgan and State of Illinois, hereby gives notice that she will appear before the County Court of Morgan County at the Court House in Jacksonville, at the August term, on the first Monday in August next, at which time all persons having claims against said estate are notified and requested to attend for the purpose of having the same adjusted.

All persons indebted to said estate are requested to make immediate payment to the undersigned.

Dated this 22nd day of June, A. D. 1917.

Mary F. Richards, Administratrix de bonis non with will annexed.
W. L. Armstrong, Attorney.

HOT WEATHER---
BUT IT'S TIME
TO TALK ABOUT
COAL
For Winter

Hard coal is the only fuel on which the price is normal. It is selling at $9.25 per ton for furnace size, just the same as last year and the year before.

The price of coke is double that of last year. Soft coal is selling at figure nearly double the usual price.

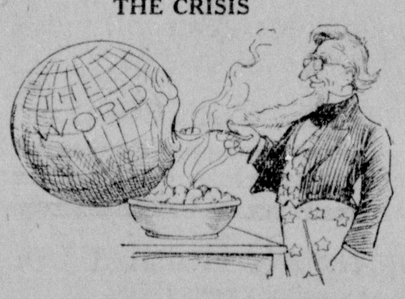

WHY NOT BURN HARD COAL AND WHY NOT BUY IT BEFORE AN INCREASE IN FREIGHT COMPELS AN INCREASE IN PRICE?

WARNING

All persons are warned against the premature celebration of the Fourth of July by discharging firearms, fireworks or fire crackers of any description in the city before the fourth day of July. Violators of the ordinance will be arrested and prosecuted.

George P. Davis, Chief of Police.

SHIPOWNERS COLLECT LARGE INSURANCE SUMS

London, May.—"Shipowners are like farmers; they never admit that they make money," says a correspondent of the Economist, and gives instances of the huge amounts derived from losses paid by the War Risks Office. "I came across a typical example during the war loan campaign. A firm owning tramp steamers appeared as a subscriber of over £700,000 to the war loan. I asked how they came to possess so much loose money; the explanation given me was that three steamers had been torpedoed. Further inquiries revealed the startling fact that three steamers, worth about £9 per ton before the war, had been insured at the inflated war value of £40 per ton at the then government rate of two guineas per cent, and had been sent to the bottom. Hence what the market calls a very profitable 'sale' and £700,000 in war loan stock."

White procelain lined, inside and out, cast preserving kettles, just the thing for the preserving season. They are new. You ought to See them at Brady Bros.

NICK-NAMES NUMEROUS IN BRITISH ARMY

Behind the British Lines in France, June.—Popularity is the fore-runner of a nickname in the British army.

Soldiers still think of Lord Roberts as "Bobs" and of Kitchener always as "K," or "K of K."

Sir Douglas Haig to the British private is never anything but "D H."

Sir William Robertson, the Chief of the Staff, is always "Wullie."

General Sir Robert Whigham's army name is "Wigwam."

General Sir Hubert Gough is "Goffy," and General Allenby is "The Bull."

No one ever thinks of General Rawlison except at "Rilly."

General Maude rejoices in the title "The Strafer."

Herrick and North Star refrigerators save food and ice—all sizes at Brady Bros.

PEER LEAVES LARGE ESTATE

Arundel, Eng., June—The Duke of Norfolk, England's premier Roman Catholic Peer, who died last February left an estate which, for the purpose of probate, is valued at $1,500,000. He gave $150,000 each to the Roman Catholic Bishops of Norwich and Southwark for endowment purposes and several smaller legacies to other Roman Catholic dioceses.

MANY RECEIVE WAGE INCREASE

London, June—Fifteen hundred thousand employes in the British Isles received increases in wages totaling $1,500,000 during April, according to statistics prepared by the Labor Department of the Board of Trade. These are larger figures than previously have been received in any one month.

SONS OF VETERANS.

The necessary blanks have been received and now if the sons of veterans want to organize a camp they have the opportunity to make known that desire. The valor and deeds of the veterans themselves cannot be too strongly emphasized and the order of the Sons of Veterans is worthy. Any gentlemen eligible may leave their names with S. W. Nichols at the Journal office and if enough signify a desire for an organization the matter will have proper attention.

Mr. and Mrs. C. W. Boston are week end guests of Mr. and Mrs. Allinson Thomason at their country home in the Markham neighborhood, and will return to Jacksonville tomorrow.

ELECTRICIAN HAS MADE LUCKY FIND

Ed. Tuman Declares Tanlac Proved Big Boon in His Case

Ed. Tuman, well known local electrician of 221½ North Sandy street, is an enthusiastic Tanlac booster. His statement made on June 19 follows:

"For several months I've suffered with stomach trouble and my system generally has been all run down. I was very nervous and found it almost impossible to sleep at night. None of the food I ate agreed with me nor digested properly. I always felt tired and worn out of mornings, seeming to be entirely without ambition.

"I knew I was in need of a good spring tonic and as Tanlac was so highly recommended by local people I decided to try it. Well, that certainly was a wise move on my part for I feel better most every way now. Everything I eat agrees with me and digests perfectly. My nerves have been strengthened, too, and I sleep fine at night. I don't have that tired, worn out feeling any more, either. Yes sir, I'm glad to let others know what Tanlac has done for me and I hope they will give the new medicine a trial."

There is no season of the year when Tanlac can be taken to better advantage than at the present time. In the spring time, all mankind, after weathering the storms of winter, is in need of an upbuilding, strengthening tonic. In this, as thousands have testified, Tanlac particularly excels. The Master Medicine has also proven beneficial for stomach, liver and kidney trouble catarrhal complaints, and the like.

Tanlac is now being introduced in Jacksonville at the Coover-Shreve Drug Co., East Side store, where a special Tanlac representative is explaining the new medicine to the public daily. Tanlac also may be obtained at the West Side store of the Coover-Shreve Co. It is sold in Waverly at the Wyle Drug Co.; in New Berlin at the New Berlin Drug Co.; in Ashland at H. O. Brownback's; in Versailles at A. G. Bates'; in Chapin at F. P. McKinney's; in Roodhouse at W. D. Berry's; in White Hall at the City Drug store; in Bluffs at F. T. Curtis', and in Pittsfield at J. H. Barber & Co.—Adv.

JULY FOURTH PLANS HAVE BEEN COMPLETED

Program at Nichols Park Will Please Public—Special Arrangements for Children—Red Cross Society Secures "Heroic France", a Great Motion Picture in Eight Reels

At last the program for the Fourth at Nichols park is complete and is a kind which all may enjoy to the full.

There has been a rumor that the band would divide between the park and the races but that is a mistake. The gentlemen in charge of the races have employed the Merritt band and the home band under the leadership of J. Bart Johnson will be at the park all afternoon and evening till 10:30. Mr. Goodrick is unable to swing his baton and Mr. Johnson has kindly agreed to take his place.

The games as advertised will come off under the management of Prof. T. P. Carter assisted by Mr. Brewer of the Y. M. C. A. and will be well worth seeing by all.

The park board is having erected temporary wooden structures for the bathers, one for ladies and one for gentlemen. Bathers must bring their own suits and towels; rooms free. If the bath houses seem to be a success it is highly probable that something permanent will be erected for the purpose as many have expressed a desire for such structures.

Just back of the spillway there is a pretty good sized spot where the water is shallow, not more than three feet at the deepest and this the park board is going to have fenced off with a wire mesh or fence and let it be used for the children. Parents or friends should accompany the little folks till they see that all is safe as the park board especially disclaims responsibility for accidents of any kind.

Some of the Scenes

The Red Cross people have been invited to have a part in the program of the day and have secured at a considerable expense eight reels of motion pictures, "Heroic France" and it will be a grand exhibition. No one can afford to miss it and it will be free. The films have been made under the auspices of the American Relief Clearing House of Paris by Merl LaVoy. Some of the pictures will be:

American air heroes who have been driving their battle birds against the enemies of the United States.

Battle in the first line trenches and surender of the Germans.

German prisoners at work in fields.

Life portraits of English and French war leaders.

Big guns firing.

The battlefields from an aeroplane speeding at 100 miles an hour.

The trench hospitals where American women are being sent to care for the wounded.

The ruins of Verdun.

These are only a few of the things to be seen in these eight reels. No one should fail to enjoy the sight.

Today and always, Independent gasoline—BOWSER filtered. Monogram and Havoline oil, pumped clean from a new BOWSER wheel tank installed yesterday, at the BOWSER Filling Station opposite postoffice.

BELGIANS DISREGARD GOVERNOR'S DEMAND

Geneva, Switzerland, June — The correspondent in Belgium of the Laus Anne Gazette writes that General von Falkenhausen, the new governor general of Belgium has demanded all the scrip, titles and money deposited in the Belgian banks belonging to the Entente allies and amounting to many millions of francs.

The Belgian bankers and the Belgian firms who constructed the bank safes refused to open them. Thereupon, according to the correspondent General von Falkenhausen sent to Berlin, for expert safe-breakers who went to Brussels but failed to open the safes.

The Gazette's correspondent suggested, "why not give up all the goods as, in North and South America, there are plenty of German bonds and scrip to cover many times this loss to the allies in Belgium."

INCIPIENT RIOT IN BRUSSELS SUBURB

Havre, June — News received here shows that the gradual stripping of Belgium by the German troops of all its resources in provisions has brought about a critical situation. A semi-official communication issued from the office of the German commandant recounts the circumstances of an incipient riot at Saint Gilles, a suburb of Brussels. Provision merchants having demanded the equivalent of fifteen cents each for eggs, the housewives revolted, overturned the baskets of the egg merchants and destroyed their stocks. The enraged public attacked vegetable merchants also because of their exaggerated demands.

The report of the commandant telling of the outbreaks is regarded by Belgians here as destined to create hostility between consumers and producers, and distract attention from the fact that the exorbitant prices of the necessaries of life in Belgium are due to the excessive demands of the occupying troops, that have not only devastated parts of the country but have sent farmers to Germany instead of leaving them to cultivate their own land.

Mrs. C. T. Daniel of Murrayville was a shopper with city merchants yesterday.

FARM PROPERTY

Sold another farm near Franklin Monday of this week, and listed three new farms in its stead. Which do you want?

(1) Near Sinclair we offer nearly 200 acres, two miles from the station, with two sets of improvements, and mostly in grass.

This is a combination stock and grain farm with some excellent bottom land, good farming upland, and blue grass pastures, with spring water.

You can buy this on easy terms at $125 per acre, or will take a smaller farm in exchange.

(2) Northwest of the city, a twenty minutes drive in a car, we offer for the first time a farm of 160 acres of prairie and timber edge land that is improved to suit the needs of any high class farmer and his family.

The land is good and has always been well handled. The house is good and well arranged with acetylene lights and many convenient labor saving devises. The barn is good and ample to care for stock and feed for the size of farm. There is a cow barn, hog house, corn cribs, granaries, sheds, garage, windmill, and a real ready-to-use home.

(3) One of the most complete small farms to be found in Morgan Co. lies a forty minutes drive southeast of the city. This is a farm of 80 acres, 60 acres of which is black prairie or dark timber edge land, well tiled, and in a high state of fertility, having been changed and pastured and fertilized until it produces bumper crops every season. There are about 16 acres in corn, 20 in clover, 10 oats, balance blue grass.

The buildings and fences are nearly all new and of the best class.

There is a fine two-story, eight-room house, two large porches, basement with three rooms two of which are concreted; cistern, pump and sink in wash room, and well pump and sink in kitchen. Plenty of large handy closets.

First class oak frame barn floored and stalled for eight horses, and hay mow for 40 tons of hay and shed for implements and machinery.

There is a cow barn with crib and mow, and granaries, large corn cribs, work shop, hog houses, stock scales, and, in fact, everything you need, and no need of repairs for years yet.

We can take a good city residence property as part pay on this farm. When can you go see it?

MONEY

Not only is your property and money an asset, but so is your credit. Therefore to use all your asset, use your credit in buying land; use your money as far as it will go, then borrow as much again, and thereby purchose twice as much land, and take the "dead-sure-coming" raise in value on twice as many acres. USE YOUR CREDIT—DON'T ABUSE IT.

Ray Vasey of the west part of the county came to the city yesterday in his Buick car.

C. H. Kingsley and family of Alexander precinct came to the city yesterday in their Overland car.

Oliver Coultas and family of the vicinity of Lynnville rode to the city yesterday in their Oakland car.

Joseph eilar of Alexander made a trip to the city yesterday in his Buick car.

Guy Bender of the east part of the county traveled to the city yesterday in his Buick car.

Samuel Davis of Pisgah brought his family to the city yesterday in his Buick car.

Fred Lawson of Manchester made a trip to the city yesterday in his Buick car.

Harold Simpson rode down to the city from Ashland yesterday in his Buick car.

Godfrey Tendick of the vicinity of the Point iourneyed to the city yesterday in his Buick car

Carl West of the vicinity of Antioch arrived in the city yesterday in his Buick car.

Charles West of the western part of the county made a trip to the city yesterday in his Buick car.

Mrs. M. Roberts of Franklin was a city arrival yesterday coming in her Buick car.

Jamse Seymour of Franklin vicinity made a trip to the city yesterday in his Buick car.

Ellworth Davis of the east part of the county traveled to the city yesterday in his Buick car.

William Rawlings of the east part of the county made a journey to the city yesterday in his Buick car.

Johnson Sheppard of the south part of the county rode to the city yesterday in his Buick car.

Henry Welborn of the vicinity of Orleans was a traveler to the city yesterday in his Studebaker car.

Lloyd Young of the east part of the county sought the city yesterday in his Ford car.

S. T. Zachary of the vicinity of Pisgah brought his family to the city yesterday in his Buick car.

Dan Moy and family of the east part of the county came to the city yesterday in their White Gas car.

Charles Robinson of the east part of the county made a trip to the city yesterday in his Reo car.

J. H. Adkins of Prentice journeyed to the city yesterday in his Jordan car.

Lewis Ward of the vicinity of Sinclair made a trip to the city yesterday in his Ford car.

L. B. Trotter of the northeast part of the county traveled to the city yesterday with his family in his Case car.

Joseph Lindsay of the north part of the county arrived in the city yesterday in his Ford car.

J. Dunlap and family were city arrivals yesterday from Literberry coming in their Overland car.

Scott Green and wife of the east part of the county rode to the city yesterday in their Overland car.

O. E. Petefish of Literberry brought his family to the city yesterday in his Interstate car.

Harrison Robinson and family of Prentice sought the city yesterday in his Jeffery car.

E. J. Reynolds of the southeast part of the county made a trip to the city yesetrday in his Pratt-Elkhart car.

Emory Carter of Markham brot brought his family to the city yesterday in his Studebaker car.

Orville Crum of Literberry reached the city yesterday in his Ford car.

W. M. Crum and wife came down to the city from Literberry yesterday in their Cadillac car.

J. R. Black of Shiloh rode to the city yesterday in his Stevens-Duryea car.

WARNING

All persons are warned against the premature celebration of the Fourth of July by discharging firearms, fireworks or fire crackers of any description in the city before the fourth day of July. Violators of the ordinance will be arrested and prosecuted.

George P. Davis, Chief of Police.

SHIPOWNERS COLLECT LARGE INSURANCE SUMS

London, May.—"Shipowners are like farmers; they never admit that they make money," says a correspondent of the Economist, and gives instances of the huge amounts derived from losses paid by the War Risks Office. "I came across a typical example during the war loan campaign. A firm owning tramp steamers appeared as a subscriber of over £700,000 to the war loan. I asked how they came to possess so much loose money; the explanation given me was that three steamers had been torpedoed. Further inquiries revealed the startling fact that three steamers, worth about £9 per ton before the war, had been insured at the inflated war value of £40 per ton at the then government rate of two guineas per cent, and had been sent to the bottom. Hence what the market calls a very profitable 'sale' and £700,000 in war loan stock."

White procelain lined, inside and out, cast preserving kettles, just the thing for the preserving season. They are new. You ought to See them at Brady Bros.

NICK-NAMES NUMEROUS IN BRITISH ARMY

Behind the British Lines in France, June.—Popularity is the fore-runner of a nickname in the British army.

Soldiers still think of Lord Roberts as "Bobs" and of Kitchener always as "K." or "K of K."

Sir Douglas Haig to the British private is never anything but "D H."

Sir William Robertson, the Chief of the Staff, is always "Wullie."

General Sir Robert Whigham's army name is "Wigwam."

General Sir Hubert Gough is "Goffy," and General Allenby is "The Bull."

No one ever thinks of General Rawlison except at "Rilly."

General Maude rejoices in the title "The Strafer."

Herrick and North Star refrigerators save food and ice—all sizes at Brady Bros.

PEER LEAVES LARGE ESTATE

Arundel, Eng., June—The Duke of Norfolk, England's premier Roman Catholic Peer, who died last February left an estate which, for the purpose of probate, is valued at $1,500,000. He gave $150,000 each to the Roman Catholic Bishops of Norwich and Southwark for endowment purposes and several smaller legacies to other Roman Catholic dioceses.

MANY RECEIVE WAGE INCREASE

London, June—Fifteen hundred thousand employes in the British Isles received increases in wages totaling $1,500,000 during April, according to statistics prepared by the Labor Department of the Board of Trade. These are larger figures than previously have been received in any one month.

"LEST YOU FORGET"

The Ford Man.

SONS OF VETERANS.

The necessary blanks have been received and now if the sons of veterans want to organize a camp they have the opportunity to make known that desire. The valor and deeds of the veterans themselves cannot be too strongly emphasized and the order of the Sons of Veterans is worthy. Any gentlemen eligible may leave their names with S. W. Nichols at the Journal office and if enough signify a desire for an organization the matter will have proper attention.

Mr. and Mrs. C. W. Boston are week end guests of Mr. and Mrs. Allinson Thomason at their country home in the Markham neighborhood, and will return to Jacksonville tomorrow.

ELECTRICIAN HAS MADE LUCKY FIND

Ed. Tuman Declares Tanlac Proved Big Boon in His Case

Ed. Tuman, well known local electrician of 221½ North Sandy street, is an enthusiastic Tanlac booster. His statement made on June 19 follows:

"For several months I've suffered with stomach trouble and my system generally has been all run down. I was very nervous and found it almost impossible to sleep at night. None of the food I ate agreed with me nor digested properly. I always felt tired and worn out of mornings, seeming to be entirely without ambition.

"I knew I was in need of a good spring tonic and as Tanlac was so highly recommended by local people I decided to try it. Well, that certainly was a wise move on my part for I feel better most every way now. Everything I eat agrees with me and digests perfectly. My nerves have been strengthened, too, and I sleep fine at night. I don't have that tired, worn out feeling any more, either. Yes sir, I'm glad to let others know what Tanlac has done for me and I hope they will give the new medicine a trial."

There is no season of the year when Tanlac can be taken to better advantage than at the present time. In the spring time, all mankind, after weathering the storms of winter, is in need of an upbuilding, strengthening tonic. In this, as thousands have testified, Tanlac particularly excels. The Master Medicine has also proven beneficial for stomach, liver and kidney trouble catarrhal complaints, and the like.

Tanlac is now being introduced in Jacksonville at the Coover-Shreve Drug Co., East Side store, where a special Tanlac representative is explaining the new medicine to the public daily. Tanlac also may be obtained at the West Side store of the Coover-Shreve Co. It is sold in Waverly at the Wyle Drug Co.; in New Berlin at the New Berlin Drug Co.; in Ashland at H. O. Brownback's; in Versailles at A. G. Bates'; in Chapin at F. P. McKinney's; in Roodhouse at W. D. Berry's; in White Hall at the City Drug store; in Bluffs at F. T. Curtis', and in Pittsfield at J. H. Barber & Co.—Adv.

JULY FOURTH PLANS HAVE BEEN COMPLETED

Program at Nichols Park Will Please Public—Special Arrangements for Children—Red Cross Society Secures "Heroic France", a Great Motion Picture in Eight Reels

At last the program for the Fourth at Nichols park is complete and is a kind which all may enjoy to the full.

There has been a rumor that the band would divide between the park and the races but that is a mistake. The gentlemen in charge of the races have employed the Merritt band and the home band under the leadership of J. Bart Johnson will be at the park all afternoon and evening till 10:30. Mr. Goodrick is unable to swing his baton and Mr. Johnson has kindly agreed to take his place.

The games as advertised will come off under the management of Prof. T. P. Carter assisted by Mr. Brewer of the Y. M. C. A. and will be well worth seeing by all.

The park board is having erected temporary wooden structures for the bathers, one for ladies and one for gentlemen. Bathers must bring their own suits and towels; rooms free. If the bath houses seem to be a success it is highly probable that something permanent will be erected for the purpose as many have expressed a desire for such structures.

Just back of the spillway there is a pretty good sized spot where the water is shallow, not more than three feet at the deepest and this the park board is going to have fenced off with a wire mesh or fence and let it be used for the children. Parents or friends should accompany the little folks till they see that all is safe as the park board especially disclaims responsibility for accidents of any kind.

Some of the Scenes

The Red Cross people have been invited to have a part in the program of the day and have secured at a considerable expense eight reels of motion pictures, "Heroic France" and it will be a grand exhibition. No one can afford to miss it and it will be free. The films have been made under the auspices of the American Relief Clearing House of Paris by Merl LaVoy. Some of the pictures will be:

American air heroes who have been driving their battle birds against the enemies of the United States.

Battle in the first line trenches and surender of the Germans.

German prisoners at work in fields.

Life portraits of English and French war leaders.

Big guns firing.

The battlefields from an aeroplane speeding at 100 miles an hour.

The trench hospitals where American women are being sent to care for the wounded.

The ruins of Verdun.

These are only a few of the things to be seen in these eight reels. No one should fail to enjoy the sight.

Today and always, Independent gasoline—BOWSER filtered. Monogram and Havoline oil, pumped clean from a new BOWSER wheel tank installed yesterday, at the BOWSER Filling Station opposite postoffice.

BELGIANS DISREGARD GOVERNOR'S DEMAND

Geneva, Switzerland, June — The correspondent in Belgium of the Laus Anne Gazette writes that General von Falkenhausen, the new governor general of Belgium has demanded all the scrip, titles and money deposited in the Belgian banks belonging to the Entente allies and amounting to many millions of francs.

The Belgian bankers and the Belgian firms who constructed the bank safes refused to open them. Thereupon, according to the correspondent General von Falkenhausen sent to Berlin, for expert safe-breakers who went to Brussels but failed to open the safes.

The Gazette's correspondent suggested, "why not give up all the goods as, in North and South America, there are plenty of German bonds and scrip to cover many times this loss to the allies in Belgium."

ROSZELL'S NEAPOLITAN and VANILLA BRICK Ice Cream—large bricks (one-fifth gallon) 25c today.
LULY-DAVIS DRUG CO.
44 No. Side Square.

INCIPIENT RIOT IN BRUSSELS SUBURB

Havre, June — News received here shows that the gradual stripping of Belgium by the German troops of all its resources in provisions has brought about a critical situation. A semi-official communication issued from the office of the German commandant recounts the circumstances of an incipient riot at Saint Gilles, a suburb of Brussels Provision merchants having demanded the equivalent of fifteen cents each for eggs, the housewives revolted, overturned the baskets of the egg merchants and destroyed their stocks. The enraged public attacked vegetable merchants also because of their exaggerated demands.

The report of the commandant telling of the outbreaks is regarded by Belgians here as destined to create hostility between consumers and producers, and distract attention from the fact that the exorbitant prices of the necessaries of life in Belgium are due to the excessive demands of the occupying troops, that have not only devastated parts of the country but have sent farmers to Germany instead of leaving them to cultivate their own land.

Mrs. C. T. Daniel of Murrayville was a shopper with city merchants yesterday.

Story's Exchange, Real Estate, Loans and Insurance.

FARM PROPERTY

Sold another farm near Franklin Monday of this week, and listed three new farms in its stead. Which do you want?

(1) Near Sinclair we offer nearly 200 acres, two miles from the station, with two sets of improvements, and mostly in grass.

This is a combination stock and grain farm with some excellent bottom land, good farming upland, and blue grass pastures, with spring water.

You can buy this on easy terms at $125 per acre, or will take a smaller farm in exchange.

(2) Northwest of the city, a twenty minutes drive in a car, we offer for the first time a farm of 160 acres of prairie and timber edge land that is improved to suit the needs of any high class farmer and his family.

The land is good and has always been well handled. The house is good and well arranged with acetylene lights and many convenient labor saving devises. The barn is good and ample to care for stock and feed for the size of farm. There is a cow barn, hog house, corn cribs, granaries, sheds, garage, windmill, and a real ready-to-use home.

(3) One of the most complete small farms to be found in Morgan Co. lies a forty minutes drive southeast of the city. This is a farm of 80 acres, 60 acres of which is black prairie or dark timber edge land, well tiled, and in a high state of fertility, having been changed and pastured and fertilized until it produces bumper crops every season. There are about 16 acres in corn, 20 in clover, 10 oats, balance blue grass.

The buildings and fences are nearly all new and of the best class.

There is a fine two-story, eight-room house, two large porches, basement with three rooms two of which are concreted; cistern, pump and sink in wash room, and well pump and sink in kitchen. Plenty of large handy closets.

First class oak frame barn floored and stalled for eight horses, and hay mow for 40 tons of hay and shed for implements and machinery.

There is a cow barn with crib and mow, and granaries, large corn cribs, work shop, hog houses, stock scales, and, in fact, everything you need, and no need of repairs for years yet.

We can take a good city residence property as part pay on this farm. When can you go see it?

MONEY

Not only is your property and money an asset, but so is your credit. Therefore to use all your asset, use your credit in buying land; use your money as far as it will go, then borrow as much again, and thereby purchose twice as much land, and take the "dead-sure-coming" raise in value on twice as many acres. USE YOUR CREDIT—DON'T ABUSE IT.

NEW FASHION IN STRIKES INAUGURATED IN PARIS

"Midinette" Strike Sets Precedent and Results in Better Conditions for Working Women—Wages Formerly Paid Sewing Girls and Milliners Exceedingly Low.

Paris, June (Correspondence). — The sewing girls of Paris have set a new fashion in the conduct of strikes and added dignity to a nickname that had become more or less familiar. They have shown that hobnailed boots and bludgeons are not the only effective means of persuasion in labor contentions.

The "Midinette" strike is already a precedent though it ended only recently. Several other strikes modelled after it have succeeded since and others are in process of settlement. Never again, in all probability, will the condition of working women in Paris be what it was before, and what it had been during the war, with thousands of girls working ten hours a day for from thirty to forty cents.

The strike was called the "midinette" strike, though in the beginning it was purely a dressmakers' strike. The "midinettes" are not only sewing girls, but milliners, feather workers, embroiderers, and other workers who trip out into the Rue de la Paix, Avenue de l'Opera, and other streets of Paris every noon from the hundreds of houses whose business is to clothe women elegantly and luxuriously.

The Meaning of "Midinettes"

They are called "midinettes" because midi or noon is the hour when they are to be seen by twos, threes and even fours, arm in arm, hurrying away to creameries, lunch counters or cheap restaurants for a modest meal or, weather permitting, to the public squares and gardens to share a lunch on a park bench and feed crumbs to the sparrows. The second syllable, nette is nothing more than a diminutive that fits them quite well. The combination, "midinette" might be translated "little noon girl."

The buildings from which these noon girls come are the centers of fashion for the world. In these buildings are created each season the styles that are worn in New York and London, even Berlin. They are generally vast and always sumptuous with majestic liveried porters at the doors and smartly dressed footmen inside.

Elegantly dressed saleswomen receive customers in show rooms that resemble fashionable salons, with deep soft carpets, antique furniture, princely tapestries and rare objects of art. Everywhere in these rooms and in the fitting rooms suggests high prices, yet on the other side of the partitions that divide the show and fitting rooms from the workshop there were, before the strike, girls working ten hours to earn the equivalent of thirty cents.

Although thousands of these girls were working for a bare existence in these palaces of fashion, yet to their inborn taste and skill were due the development of these houses and the reputation of Paris as the centre of fashion. The proof of it is that dressmaking concerns with a Parisian reputation have tried to do elsewhere and with other help what they did in Paris with the aid of the "midinettes", and failed.

A great many American women have paid hundreds of dollars for dresses made in these establishments but the American woman does not suspect that the "midinette" who made her rich gown for a little less than living wages has made one like it for herself at night of the same pattern and quite as perfect in cut and fit, but of less rich material bought with money saved from her lunch allowance. Few look forward to an improvement in their situation unless fortune sends a husband.

If the husband never is found she makes fun even out of that. At the fete of Saint Catherine on November 25 each year, "midinettes" who have reached their 25th year and pass into the category of "old maids" are feted by their comrades and sometimes by their employers. It is one of the merriest fetes of the year in Paris.

The milliners of Paris, benefitting from the success of the sewing girls' strike, gained their point in less than half the time. The "trimmers," the best paid employes in the trade earned before the strike $16 a month in the retail trade. Hereafter they will receive about six dollars a month more.

MEN'S WEARING APPAREL CRITICISED

London, June — Men's morning coats and tall silk hats are the latest articles of wear to be criticised as wasteful. Those who are crying for a censor for these articles say that the long tails should be cut off the coats and the hat should be cut down to two inches in the crown. The family doctor who goes about with his stethescope in the crown, it is argued, is the only man who really makes adequate use of his top hat.

COAL SITUATION IN PARIS DISCLOSED

Government's Effort ta Regulate By Licenses Results in Boosting of Price—Rate of Importation Affected By Submarine Campaign.

Paris — (Correspondence) — A housewife in Paris cannot buy a 50 pound sack of coal at any price, but large consumers have been obtaining it in lots of from two to ten tons at $75 a ton. This situation was disclosed in the debate in the Chamber of Deputies on the economic situation. It is attributed to facilities afforded for speculation by the licenses thru which the government hoped to regulate the traffic.

The licenses acquired at once a trading value that was put to profit by people who had never had anything to do with the coal trade. Dressmakers, lawyers, society men, commission merchants of all kinds, dealt in these licenses, each one taking as big a profit as he could get in passing it to the next buyer.

Maurice Viollette, Minister of Provisions, cited a typical case. The price of coal originally bought at $36 a ton went to $76 a ton by passing thru the hands of six intermediaries, none of whom had anything to do with the coal business before this license was isseud.

M. Brunet, Deputy from Paris, cited a consumer who was able to buy ten tons of coal, a five years' supply, while tenants of the same building could not obtain enough to cook a meal and were obliged to use gas. "These facts have so impressed the public", said Mr. Brunet, "that people of very moderate ideas have declared to the authorities that if the situation continues it means revolution."

The Minister of Provisions has decided to issue no licenses to importers who were not regular dealers before the war, and proposes a law punishing specluation in coal by fines and imprisonment.

Trading has gone on not only in importation licenses but in options for the purchase of ships. One concern pretending ta have options on 60 vessels was asked. for a statement of its affairs. Its real capital was found to be $80. The minster declared that this traffic had been stopped.

The rates of coal importation which had improved in January, February and March, has been affected by the sunbmarine campaign and gone down to 300,000 tons a month below last year's figures. Extraordinary efforts are being made to increase the production of French mines and thus reassure the population as to the situation this coming winter.

First Dividend on War Loan Paid.

London, June—Two hundred million dollars, representing the first half-yearly dividend on the great British Victory War Loan as paid out today to many million subscribers. The Post Office alone has had to deal with 3,000,000 subscribers who received by first mail on June 1 their dividend warrants. For several weeks the staffs at the Bank of England and the Post Office Savings Banks have been busy preparing these warrants and dispatching them in batches to the nearest offices for distribution to subscribers.

With such a huge amount of money floating about the authorities are already issuing appeals that it be re-invested in more war loan or savings certificates.

Discovery in Acid Dyestuffs.

London. June—Another step in the way of British independence from German dyes has been effected by the discovery of an acid dyestuff of exceptional quality, producing a variety of bright shades of blue. Other British dyes produced since the out break of the war are having a big sale.

NOTICE TO CONTRACTORS.

Sealed bids will be received by the County Commissioners of Morgan County, Illinois, until the hour of 11 a. m., July 14th, 1917, for the construction of four concrete culverts and one abutment and wing wall. A certified check for 5 per cent of bid must accompany each bid. The Commissioners reserve the right to reject any or all bids. Plans may be obtained from L. V. Baldwin, Co. Supt. of Highways, Jacksonville, Ill.

FEAR OF POVERTY SUICIDE'S MOTIVE

Stockholm, Sweden, June — Sixten Nilsson of Malmo, 73 years old, hanged himself for fear that he might die in poverty. More than 1,300 crowns were found in his pockets, together with a bankbook showing deposits exceeding 15,000 crowns. He had for years lived principally on bread and water. An elder sister killed herself some years ago for the same motive. She was at the time worth about 70,000 crowns.

SUGAR RESERVED FOR GROWERS

London, June — The Sugar Commission recently issued a notice to the effect that sugar would be reserved for growers who wish to preserve their own fruit. This has already brought in 350,000 applications for supplies to be reserved.

DISCUSSES CAUSES OF INDUSTRIAL UNREST

Labor Member of English Parliament in Visit to King Describes Popular Opinion of High Food Prices—King Has Knowledge of Many Matters Affecting Workers Generally

London, June—(Correspondence) —William James Thorne, Social Democrat, Labor member of Parliament for West Ham, who in early life worked in a rope yard and brickfield and educated himself, was received by King George at Buckingham Palace recently. Thorne had been received on a visit to Russia and on returning to England was asked to pay an official visit to the King.

Describing his visit Thorne remarked that there was no formality or convention and that he gave the King some homely truths. He discussed some of the causes of industrial unrest and told the King plainly and frankly what was the popular opinion of high food prices and the profiteering which is notoriously going on and said "rows" must be expected so long as the prices of foodstuffs remain uncontrolled for the working people and controlled in the interests of traders.

"The King, I thought, showed considerable knowledge of many matters affecting the workers generally and his pointed references to them showed that he understood keenly and appreciatively some of the causes of unrest in the labor world," said Mr. Thorne.

NOTICE

Property owners on all streets where new pavements are to be laid are hereby notified that all water, gas and sewer connections must be made before the pavements are put down. The city council will not permit pavements to be opened later. Connections can now be made without expense for tapping.

R. L. Pyatt, City Clerk.

TOBACCO SHORTAGE IN FRANCE

Paris, June — There is a shortage of tobacco in France. It originated in decreased production and is being aggravated by increased consumption. The French crop of 1916 was 15,000 tons as compared with 25,000 tons in 1915.

Certain popular brands of cigarettes have been unobtainable in Paris for ten days. To smokers' complaints, the state tobacco monopoly officials reply that restriction in the use of tobacco is necessary.

France smokes about 6,000 tons of tobacco a month on the average, of which nearly 5,000 tons must now be imported under conditions that do not permit any assured regularity in receipts.

The increase in sales of cigarettes during the first four months of this year was 500,000,000 over 1916. This seems large until it is recalled that this quantity represents only forty cigarettes for each soldier, British and French, mobilized in France, to say nothing of the civilians.

GENERAL'S FAMILY IN WAR RELIEF

Rome June—The wife and daughters of General Luigi Cadora, chief ofthe general staff of the Italian army, have been active workers during the war in the interest of the wives and children of poor or wounded soldiers. Miss Carla Cadorna has written a story of her war experiences, describing the courage of women in war-time.

Senreco
REG U.S. PAT. OFF.
The double-service tooth paste, keeps teeth clean AND GUMS HEALTHY.
Keeping the gums healthy and the mouth sweet is very important to health; more teeth are lost through the loosening of the tissue that holds the teeth in place than from decay.
Dental science to-day demands that a tooth paste must keep the gums healthy as well as clean the teeth.
Senreco was formulated to meet this requirement. Hundreds of dentists are prescribing and using Senreco because they have found that it does measure up to that standard.
SENRECO IS A WONDERFUL CLEANSER.
In addition to its remedial properties Senreco is a wonderful cleanser; acts directly on the mucin film, the basis of tartar; leaves the mouth cool and clean-feeling. As some one has expressed it—Senreco gives one a new idea on mouth cleanliness.
Get a tube to-day at your druggists or toilet counter—enjoy the healthy, cleanly feeling its use gives your mouth and gums. Notice how brilliantly white Senreco makes your teeth. It performs this two-fold service for you and yet costs no more than the ordinary, old-fashioned tooth paste that simply cleans the teeth and leaves a pleasant taste—25 cents for a large 2 ounce tube.

$100 Reward, $100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggist, 75c.

Have Your Hogs Vaccinated by a Concern that Guarantees Results

You can now absolutely insure your hog profits. We will vaccinate your hogs and pay cash for any you lose from cholera in the six months following treatment, in excess of a certain small percentage.

The charge for treatment and insurance is only 2½c. per c. c. plus traveling expenses of our representative from White Hall to your place and return.

If a couple of your neighbors can vaccinate at same time, the share of traveling expense that each will have to pay will be very small.

Write now for sample contract. Mention this paper.

I WAS wedged in
LIKE A sardine on my
WAY HOME last night
BUT THE woman just ahead
OF ME was well groomed,
AND THE very sight of her
HAIR RESTED my tired nerves.
SHE HAD a little girl
BESIDE HER and when the L. G.
CALLED HER "Grandma"
I ALMOST fainted. I
BELIEVE YET that it was
A PET name because she
LOOKED SO young.
IF SHE does not use
NEWSBO'S HERPICIDE
I AM a poor guesser.
Yours for beautiful hair,
Herpicide Mary

NURSE HAD POOR HEALTH

Suffered Much Pain, Yet Had to Work. Finally Cured by Lydia E. Pinkham's Vegetable Compound.

Toledo, Ohio.—"I am a widow and go out nursing, and suffered from a female trouble that caused a great deal of soreness across my back, and through my abdomen. Sometimes it would be very painful after a hard day's work. I read about Lydia E. Pinkham's Vegetable Compound and tried it and it has helped me wonderfully, so the soreness is all gone now. I believe Lydia E. Pinkham's Vegetable Compound is just the remedy for female troubles." — Mrs. ELIZABETH JOHN, R. F. D. No. 4, Toledo, Ohio.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and today is regarded as the most successful remedy for female ills. There are thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., to prove this fact.

CHAUTAUQUA PROGRAM NEARLY COMPLETED

DATES FOR ANNUAL ASSEMBLY RUN FROM AUG. 17 TO 26.

Patriotism Will Dominate the Entire Session—Management Made Contracts Early and Promise Strongest Program Ever Given Here.

The chautauqua management is rapidly completing arrangements for the coming assembly, Aug. 17 to Aug. 26, inclusive. A re-arrangement of the grounds has been made. The big tent now being constructed especially for this chautauqua will be located near the lake, northwest of the old site. This plan will give much more good space for campers. The program, much of which was contracted for last fall, has been changed somewhat to make it suitable to the conditions now existing in our country.

The entire session will be a great patriotic demonstration with plenty of excellent music, splendid lectures and suitable entertainment. Full morning programs have been arranged for each morning, with special attractions for boys and girls in charge of Dr. Hopkins, the platform manager, who is a specialist in this line. On each week day morning and afternoon there will be demonstrations in household economics by experts.

The music for the assembly is by far the best it has ever booked. It includes big bands, jubilee singers, Hawaiians, fine vocalists and orchestras and there will be plenty of it. The lecturers are the foremost on the platform and the entertainers are of national reputation.

The management buys its attractions as early as possible so as to secure the best and this year will present both lecturers and music which in former years could not be had as their time was sold. It believes that the program for this year is better balanced and as a whole considerably stronger than heretofore and our chautauquas are conceded by those who know, to be among the best in the country.

The following is the program as it now stands. Several additions will be made:

Program.

Dr. William E. Hopkins, platform manager.

Friday, August 17—Morning

Boy Scouts' Camp—Dr. Wm. E. Hopkins.

Lecture—Planning a Wardrobe—Miss Leona Hope.

Afternoon.

Grand Concert—Dixie Jubilee Concert company. Seven noted colored singers in the plantation and folk music of the old southland.

THE LAST WORD IN TIRES

When it comes to automobile tires, I carry all the best makes, namely—"Lee Puncture Proof", "Michelin", "Racine", "Firestone", "Goodyear" and "Goodrich."

C. N. PRIEST,
The Ford Man.

AN EXPRESSION OF THANKS

The Board of Directors of the Morgan County Chapter of the American Red Cross greatly appreciate the fine cooperation of the people of Morgan county in this movement, and have taken this method of expressing their gratitude.

We give our hearty thanks to the two daily papers of Jacksonville, who have not only given largely of their space, but have backed the work in every possible way in their editorials, also to the newspapers thruout the county for the valuable space and services they have given to make the Membership Campaign a success.

It would be impossible to mention all who have aided in the work. Our thanks are due to the faithful workers who have given ungrudgingly of their time, to those who have generously given us their buildings rent free, also various kinds of equipment and materials, to musicians, and to all those who have contributed in any way to this work for humanity.

While we all hope that this dreadful war will soon end, yet this campaign has demonstrated that the people of Morgan county can be depended on to stand by the suffering so long as there is need.

F. M. McCarty,
Miller Weir,
E. E. Crabtree.

MANCHESTER

Members of the Royal Neighbor lodge held their eighteenth anniversary at the home of Mrs. Charles Thady Wednesday, about thirty members were present. A sumptuous dinner was served and the afternoon was spent socially and in tennis playing.

Glenn Funk and Robert Robson returned from Springfield Friday, where they passed successful examination for entrance in army service. They went to Jefferson Barracks, Mo., Saturday, where they will be stationed for the present.

Mr. and Mrs. Homer Boatman went to Carlinville Saturday. Mrs. Boatman will remain for a visit with relatives and Mr. Boatman will go to St. Louis where they will later reside.

Mrs. John Duncan and daughter, Miss Hazel, spent Thursday with relatives in Jacksonville, returning home Friday.

Children's Day will be observed at the Baptist church Sunday evening. A program of interest is being prepared. Other church services will be dismissed.

Mrs. E. C. Morris and Mrs. Frank Allen of White Hall and Mrs. Elah Walton of Roodhouse spent Friday with Mrs. Frank Dowdy.

Mrs. Margaret Mock is making an extended visit with relatives in New Berlin.

Rev. and Mrs. Mark White spent Thursday morning in Jacksonville.

Hazel Nicholson of Jacksonville is the guest of her cousin, Fern Hess.

Mr. and Mrs. L. O. Vaught left last night for Old Mission, Michigan, and will spend two or three months at their fruit farm in that locality.

BLUFFS

Misses Bernice Wolford, Iota and Cleo Bergner left Friday for a visit with relatives in Chicago. They were joined by Duenna Sarsfield of Springfield who accompanied them.

Mrs. Harry Bailey and son, Howard and Edward were shopping in Jacksonville Friday.

Miss Gertrude Fowler is visiting at the home of her aunt, Mrs. Emma Pickett of Peoria.

Mr. and Mrs. Robert Laswell of Springfield are visiting the latter's sister, Mrs. J. B. Kuecher and family.

Mrs. John Pine is the guests of friends in Clayton.

Mrs. Gladys Seckman and Miss Velma McGire of Clayton are visiting at the home of Mrs. Andrew Reid.

The M. E. church will give a patriotic flag drill and other exercises at 11 o'clock. The aim is to interest church workers and especially the Sunday school in Red Cross work.

Born to Mr. and Mrs. George Dunham, Friday, June 28th, a son, first child.

Mrs. Dick Bloyd suffered a stroke of paralysis Saturday.

Aaron McMurray and Robert Day are visiting friends in Hannibal, Mo.

Andrew Reid and daughters, Greta and Ruth spent Friday with his mother in Springfield.

Mrs. George Tomlin and son Oswald, spent the fore part of the week with relatives here.

Mrs. Kate Woods of Jacksonville spent Saturday with friends in town.

WARNING

All persons are warned against the premature celebration of the Fourth of July by discharging firearms, fireworks or fire crackers of any description in the city before the fourth day of July. Violators of the ordinance will be arrested and prosecuted.

George P. Davis, Chief of Police.

WILL IS FILED

The will of the late Mrs. Adolphina Peterson was filed for probate in the office of County Clerk Boruff Saturday. This will was drawn March 28, 1917, with J. A. Day and Mary Frank as the witnesses. The hearing has been set for July 30. By this will Mrs. Peterson bequeathed all of her property to her husband, who is named executor and is to serve without bond.

DESCRIBES VISIT TO MEDITERRANEAN PORT

Correspondent of Paris Publication, Spent Some Days with Officers and Bluejackets of Japanese Navy—Co-operation with Fleets of Allies Beneficial.

Tokio, June.—(Correspondence)—In connection with Japanese naval activities in the Mediterranean, the Paris correspondent of the Asahi cables that he was allowed to visit a naval port "somewhere on the Mediterranean sea" where he spent some days with officers and bluejackets of the Japanese navy.
The correspondent continued: "It was first of all gratifying to see that our sailors were in high spirit separated from their fatherland by an immense ocean. Every day they paid their respects to the flags of the Rising Sun displayed side by side with the tricolor and when the strains of 'Kimigayo' sounded on the bugles they gave three 'Banzai' for his Majesty the Emperor of Japan. They believe that the gods that protect their land and forefathers are with them and protect them, and are strongly determined to gladly sacrifice their lives and everything else until the enemy submarines are destroyed completely.
"The appearance of the powerful Japanese destroyers and the correct behavior of our officers have created a good impression, and the cooperation of our navy with the fleets of the allies in the Mediterranean is understood to bring about great benefits politically and morally as well as in a naval sense."

FORM NICKEL PRODUCING ENTERPRISE
Christiania, Norway, June.—A nickel refining company at Christiansand which is the principal producer of nickel for the German government's torpedo factories, is about to become a partner of the British government in one of the largest nickel producing enterprises in Canada. The total investment will be more than $10,000,000.
The mines from which the new company will get its supply of ore from deposits which are estimated to contain about 13,000,000 tons. Production is expected to be at the rate of 10,000 tons of nickel and about six thousand tons of copper a year. The refining and extraction will be by the same processes as are now used in the Christiansand plant, the manager of which is at present in Canada.
The Norwegian capital invested in the new company is about $2,000,000. The largest shareholder is the British government.

SWEDISH EMIGRATION DECREASES
Stockholm, Sweden, June.—Only 342 persons emigrated from Sweden in the first four months of the present year, against 1,360 for the corresponding period of 1916. The figure for April this year, 128, contrasts with 613 for April last year.

TOLEDO CASH SEED MARKET
Toledo, O., June 30.—Clover seed, prime cash $10.90; Oct. $11.42; December $11.27½; March $11.42½.
Timothy, prime cash $3.55.

BUY YOUR COAL NOW
IF YOU WANT TO SAVE MONEY
The mines have advanced prices and we are now quoting the following:
Springfield Lump and Nut Per Ton $5.00
Carterville Lump and Nut Per Ton $5.75
Some good quality sawed wood in stock. We believe early fuel buying this year will save money for the consumer.

URGENT DEMAND FOR CORN LIFTS QUOTATIONS

Market Closes Unsettled at ½ to 1½ Cents Up—Wheat Shows An Advance of ½ to One Cent

Chicago, June 30.—Urgent demand today for corn for immediate delivery brought about the highest prices ever reached here in the corn market. No. 2 yellow, a regular contract grade commanding $1.76 a bushel. The market closed unsettled at gains of ½c to 1½c net, with July at $2.02 and Sept. at $1.82. Oats wound up ⅛ to ⅝c higher. In provisions the outcome ranged from 25c decline to a rise of 5c.
Influential traders in corn appeared to be much impressed by scarcity of corn available for ready shipment. In this connection seaboard messages were received telling of a good export demand but saying that business was restricted by inability to obtain the needed grain in the west. High temperatures in Kansas and Nebraska together with fears of scorching winds there tended further to increase bullish sentiment. The weather elsewhere, however, was favorable and this fact caused at first considerable transient weakness in the new crop months.
Wheat and oats hardened in sympathy with the corn bulge. Wheat bears had an advantage in the early trading, tho, on account of announcements that the first new wheat this season had arrived at the Atlantic seaboard ready for shipment to Europe. There also were advices at hand that harvesting of new wheat was in progress in Illinois and that cutting was being done as far north as Alton.
Considerable apprehension for the safety of oats resulted from word of high temperatures in prospect. It was said that rank growth due to recent excessive wet weather had left the crop in no position to withstand extreme sudden heat.
Provisions declined owing to continued slowness of cash demand and to further weakness in the hog market.

KANSAS CITY LIVESTOCK MARKET
Kansas City, June 30.—Hogs—Receipts 500; steady; bulk $14.60@$15.55; heavy $15.30@$15.65; packers and butchers $15.00@$15.50; light $14.40@$15.00; pigs $13.00@$13.75.

STOCKS RECOVER W SURPRISING

Industrials, Equipments an Unclassified Issues Carry tire List With Them.

New York, June 30.—Considerin spread interest in the freight ra ation it was general opinion that short session demonstrated the market's sound condition.
Industrials, equipments and man classified stocks were carried dow 2 points in the early movement surprising ease, carrying the entire with them. Features of especial stre were Crucible, Lackawanna, Bethle and Midvale Steels and Colorado F Great Northern Ore and Republic Iro advances of 3 points.
United States Steel made a net g of half a point after having lost mo than a point and Baldwin and Americ Locomotives, New York Airbrake, Ame ican Can and the Petroleums closed advances of one to almost 3 points. I dustrial Alcohol, Ohio Gas, General Mo tors and less active specialties rallie from early losses to material gains, the market closing with a burst of strength. Total sales amounted to 420,000 shares.
Re-deposit of liberty loan funds was clearly reflected in the bank statement, actual reserves increasing by almost $63,000,000, largely correcting the adverse conditions of recent weeks. Actual loans expanded by slightly more than $11,000,000 and reserves in the local federal bank increased $107,000,000.
Rubles were quoted at the new minimum of 22 cents, but that figure was nominal rather than actual.

The Ford Man.

DISEASE EPIDEMIC PREVENTS SERVICES

Owing to the many cases of scarlet fever in South Jacksonville, Superintendent L. F. Gerard announces that there will be no Sunday school or other exercises held at the South Jacksonville mission today.

Use Polar Auto Oils

for

Perfect Lubrication

Without perfect lubrication your machine will not deliver highest efficiency.

Perfect lubrication is not a matter of opinion, but is the product of scientific study. In the first place the raw material governs the by-products. **POLAR OILS** are taken from Pennsylvania crude, which is the highest grade in the world. It is a fact beyond any dispute that oils from this crude produce an oil very superior to those taken from any other crude oils, because of their freedom from asphalt. We are offering you in **POLAR OILS** and **GREASES,** highest efficiency, perfectly uniform oils full of service.

POLAR AUTO OILS are made on honor and sold to you that way, not simply to sell, but for you to use from time to time because they are right, and will not break at high temperatures, lubricate thoroughly and will not congeal in the coldest weather.

Perfect lubrication without formation of carbon is absolutely guaranteed.

You will find that by their use your lubricating problems will be solved safe and sure. It will pay you to use **POLAR OILS.**

We absolutely guarantee these oils to give satisfaction or we refund your money.
